SOURCE: 37 FR 25931, Dec. 6, 1972, unless otherwise noted.

### § 1952.1 Purpose and scope.

(a) This part sets forth the Assistant Secretary's approval of State plans submitted under section 18 of the Act and part 1902 of this chapter. Each approval of a State plan is based on a determination by the Assistant Secretary that the plan meets the requirements of section 18(c) of the Act and the criteria and indices of effectiveness specified in part 1902.

## 29 CFR Ch. XVII (7-1-11 Edition)

Separate subparts are used for the identification of specific State plans, indication of locations where the full plan may be inspected and copied, and setting forth any special conditions and special policies which may be applicable to a particular plan.

All other injury and illness recording and reporting requirements that are promulgated by State-Plan States may be more stringent than, or supplemental to, the Federal requirements, but, because of the unique nature of the national recordkeeping program, States must consult with OSHA and obtain approval of such additional or more stringent reporting and recording requirements to ensure that they will not interfere with uniform reporting objectives. State-Plan States must extend the scope of their regulation to State and local government employers.
