Occupational Safety and Health Admin., Labor

§ 1952.345

(a) As a result of the Assistant Secretary’s determination granting final approval of the Wyoming plan under section 18(e) of the Act, effective June 27, 1985, occupational safety and health standards which have been promulgated under section 6 of the Act do not apply with respect to issues covered under the Wyoming plan. This determination also relinquishes concurrent Federal OSHA authority to issue citations for violations of such standards under sections 5(a)(2) and 9 of the Act; to conduct inspections and investigations under section 8 (except those necessary to conduct evaluation of the

and contract employees and contractor-operated facilities engaged in USPS mail operations; the enforcement of the field sanitation standard, 29 CFR 1928.110, and the enforcement of the temporary labor camps standard, 29 CFR 1910.142, with respect to any agricultural establishment where employees are engaged in “agricultural employment” within the meaning of the Migrant and Seasonal Agricultural Worker Protection Act, 29 U.S.C. 1802(3), regardless of the number of employees, including employees engaged in hand packing of produce into containers, whether done on the ground, on a moving machine, or in a temporary packing shed, except that Wyoming retains enforcement responsibility over agricultural temporary labor camps for employees engaged in egg, poultry, or red meat production, or the post-harvest processing of agricultural or horticultural commodities.

(b) Except as otherwise noted, the plan which has received final approval covers all activities of employers and all places of employment and meets the criteria for final State plan approval in section 18(e) of the Act and implementing regulations at 29 CFR part 1902. Accordingly, the Wyoming plan was granted final approval and concurrent Federal enforcement authority was relinquished under section 18(e) of the Act effective June 27, 1985.

§ 1952.344 Final approval determination.

(a) In accordance with section 18(e) of the Act and procedures in 29 CFR part 1902, and after a determination that the State met the “fully effective” compliance staffing benchmarks as revised in 1984 in response to a Court Order in AFL-CIO v. Marshall (CA 74–406), and was satisfactorily providing reports to OSHA through participation in the Federal-State Unified Management Information System, the Assistant Secretary evaluated actual operations under the Wyoming State plan for a period of at least one year following certification of completion of developmental steps (45 FR 85739). Based on the 18(e) Evaluation Report for the period of October 1982 through March 1984, and after opportunity for public comment, the Assistant Secretary determined that in operation the State of Wyoming’s occupational safety health program is at least as effective as the Federal program in providing safe and healthful employment and places of employment and meets the criteria for final State plan approval in section 18(e) of the Act and implementing regulations at 29 CFR part 1902. Accordingly, the Wyoming plan was granted final approval and concurrent Federal enforcement authority was relinquished under section 18(e) of the Act effective June 27, 1985.

§ 1952.345 Level of Federal enforcement.

§ 1952.345

(a) As a result of the Assistant Secretary's determination granting final approval of the Wyoming plan under section 18(e) of the Act, effective June 27, 1985, occupational safety and health standards which have been promulgated under section 6 of the Act do not apply with respect to issues covered under the Wyoming plan. This determination also relinquishes concurrent Federal OSHA authority to issue citations for violations of such standards under sections 5(a)(2) and 9 of the Act; to conduct inspections and investigations under section 8 (except those necessary to conduct evaluation of the

and contract employees and contractor-operated facilities engaged in USPS mail operations; the enforcement of the field sanitation standard, 29 CFR 1928.110, and the enforcement of the temporary labor camps standard, 29 CFR 1910.142, with respect to any agricultural establishment where employees are engaged in “agricultural employment” within the meaning of the Migrant and Seasonal Agricultural Worker Protection Act, 29 U.S.C. 1802(3), regardless of the number of employees, including employees engaged in hand packing of produce into containers, whether done on the ground, on a moving machine, or in a temporary packing shed, except that Wyoming retains enforcement responsibility over agricultural temporary labor camps for employees engaged in egg, poultry, or red meat production, or the post-harvest processing of agricultural or horticultural commodities.

(b) Except as otherwise noted, the plan which has received final approval covers all activities of employers and all places of employment and meets the criteria for final State plan approval in section 18(e) of the Act and implementing regulations at 29 CFR part 1902. Accordingly, the Wyoming plan was granted final approval and concurrent Federal enforcement authority was relinquished under section 18(e) of the Act effective June 27, 1985.

§ 1952.344 Final approval determination.

(a) In accordance with section 18(e) of the Act and procedures in 29 CFR part 1902, and after a determination that the State met the “fully effective” compliance staffing benchmarks as revised in 1984 in response to a Court Order in AFL-CIO v. Marshall (CA 74–406), and was satisfactorily providing reports to OSHA through participation in the Federal-State Unified Management Information System, the Assistant Secretary evaluated actual operations under the Wyoming State plan for a period of at least one year following certification of completion of developmental steps (45 FR 85739). Based on the 18(e) Evaluation Report for the period of October 1982 through March 1984, and after opportunity for public comment, the Assistant Secretary determined that in operation the State of Wyoming’s occupational safety health program is at least as effective as the Federal program in providing safe and healthful employment and places of employment and meets the criteria for final State plan approval in section 18(e) of the Act and implementing regulations at 29 CFR part 1902. Accordingly, the Wyoming plan was granted final approval and concurrent Federal enforcement authority was relinquished under section 18(e) of the Act effective June 27, 1985.

§ 1952.345 Level of Federal enforcement.

(a) As a result of the Assistant Secretary’s determination granting final approval of the Wyoming plan under section 18(e) of the Act, effective June 27, 1985, occupational safety and health standards which have been promulgated under section 6 of the Act do not apply with respect to issues covered under the Wyoming plan. This determination also relinquishes concurrent Federal OSHA authority to issue citations for violations of such standards under sections 5(a)(2) and 9 of the Act; to conduct inspections and investigations under section 8 (except those necessary to conduct evaluation of the

and contract employees and contractor-operated facilities engaged in USPS mail operations; the enforcement of the field sanitation standard, 29 CFR 1928.110, and the enforcement of the temporary labor camps standard, 29 CFR 1910.142, with respect to any agricultural establishment where employees are engaged in “agricultural employment” within the meaning of the Migrant and Seasonal Agricultural Worker Protection Act, 29 U.S.C. 1802(3), regardless of the number of employees, including employees engaged in hand packing of produce into containers, whether done on the ground, on a moving machine, or in a temporary packing shed, except that Wyoming retains enforcement responsibility over agricultural temporary labor camps for employees engaged in egg, poultry, or red meat production, or the post-harvest processing of agricultural or horticultural commodities.

(b) Except as otherwise noted, the plan which has received final approval covers all activities of employers and all places of employment and meets the criteria for final State plan approval in section 18(e) of the Act and implementing regulations at 29 CFR part 1902. Accordingly, the Wyoming plan was granted final approval and concurrent Federal enforcement authority was relinquished under section 18(e) of the Act effective June 27, 1985.

§ 1952.344 Final approval determination.

(a) In accordance with section 18(e) of the Act and procedures in 29 CFR part 1902, and after a determination that the State met the “fully effective” compliance staffing benchmarks as revised in 1984 in response to a Court Order in AFL-CIO v. Marshall (CA 74–406), and was satisfactorily providing reports to OSHA through participation in the Federal-State Unified Management Information System, the Assistant Secretary evaluated actual operations under the Wyoming State plan for a period of at least one year following certification of completion of developmental steps (45 FR 85739). Based on the 18(e) Evaluation Report for the period of October 1982 through March 1984, and after opportunity for public comment, the Assistant Secretary determined that in operation the State of Wyoming’s occupational safety health program is at least as effective as the Federal program in providing safe and healthful employment and places of employment and meets the criteria for final State plan approval in section 18(e) of the Act and implementing regulations at 29 CFR part 1902. Accordingly, the Wyoming plan was granted final approval and concurrent Federal enforcement authority was relinquished under section 18(e) of the Act effective June 27, 1985.

§ 1952.345 Level of Federal enforcement.

(a) As a result of the Assistant Secretary’s determination granting final approval of the Wyoming plan under section 18(e) of the Act, effective June 27, 1985, occupational safety and health standards which have been promulgated under section 6 of the Act do not apply with respect to issues covered under the Wyoming plan. This determination also relinquishes concurrent Federal OSHA authority to issue citations for violations of such standards under sections 5(a)(2) and 9 of the Act; to conduct inspections and investigations under section 8 (except those necessary to conduct evaluation of the

and contract employees and contractor-operated facilities engaged in USPS mail operations; the enforcement of the field sanitation standard, 29 CFR 1928.110, and the enforcement of the temporary labor camps standard, 29 CFR 1910.142, with respect to any agricultural establishment where employees are engaged in “agricultural employment” within the meaning of the Migrant and Seasonal Agricultural Worker Protection Act, 29 U.S.C. 1802(3), regardless of the number of employees, including employees engaged in hand packing of produce into containers, whether done on the ground, on a moving machine, or in a temporary packing shed, except that Wyoming retains enforcement responsibility over agricultural temporary labor camps for employees engaged in egg, poultry, or red meat production, or the post-harvest processing of agricultural or horticultural commodities.

(b) Except as otherwise noted, the plan which has received final approval covers all activities of employers and all places of employment and meets the criteria for final State plan approval in section 18(e) of the Act and implementing regulations at 29 CFR part 1902. Accordingly, the Wyoming plan was granted final approval and concurrent Federal enforcement authority was relinquished under section 18(e) of the Act effective June 27, 1985.
plan under section 18(f) and other inspections, investigations, or proceedings necessary to carry out Federal responsibilities not specifically preempted by section 18(e); to conduct enforcement proceedings in contested cases under section 10; to institute proceedings to correct imminent dangers under section 13; and to propose civil penalties or initiate criminal proceedings for violations of the Federal Act under section 17. The Assistant Secretary retains jurisdiction under the above provisions in any proceeding commenced under section 9 or 10 before the effective date of the 18(e) determination.

(b)(1) In accordance with section 18(e), final approval relinquishes Federal OSHA authority only with regard to occupational safety and health issues covered by the Wyoming plan. OSHA retains full authority over issues which are not subject to State enforcement under the plan. Thus, Federal OSHA retains its authority relative to safety and health in private sector maritime activities and will continue to enforce all provisions of the Act, Federal standards, rules, or orders, and all Federal standards, current or future, specifically directed to maritime employment (29 CFR Parts 1915, shipyard employment; Part 1917, marine terminals; Part 1918, longshoring; Part 1919, gear certification) as well as provisions of general industry and construction standards (29 CFR Parts 1910 and 1926) appropriate to hazards found in these employments. Federal jurisdiction is retained and exercised by the Employment Standards Administration, U.S. Department of Labor, (Secretary's Order 5–96, dated December 27, 1996) with respect to the field sanitation standard, 29 CFR 1928.110, and the enforcement of the temporary labor camps standard, 29 CFR 1910.142, in agriculture, as described in §1952.344(b). Federal jurisdiction is also retained for employment at Warren Air Force Base; employment at the U.S. Department of Energy's Naval Petroleum and Oil Shale Reserve; Federal government employers and employees; and the U.S. Postal Service (USPS), including USPS employees, and contract employees and contractor-operated facilities engaged in USPS mail operations.

(2) In addition, any hazard, industry, geographical area, operation or facility over which the State is unable to effectively exercise jurisdiction for reasons not related to the required performance or structure of the plan shall be deemed to be an issue not covered by the finally approved plan, and shall be subject to Federal enforcement. Where enforcement jurisdiction is shared between Federal and State authorities for a particular area, project, or facility, in the interest of administrative practicability, Federal jurisdiction may be assumed over the entire project or facility. In either of the two aforementioned circumstances, Federal enforcement may be exercised immediately upon agreement between Federal and State OSHA.

(c) Federal authority under provisions of the Act not listed in section 18(e) is unaffected by final approval of the plan. Thus, for example, the Assistant Secretary retains his authority under section 11(c) of the Act with regard to complaints alleging discrimination against employees because of the exercise of any right afforded to the employee by the Act, although such complaints may be referred to the State for investigation. The Assistant Secretary also retains his authority under section 6 of the Act to promulgate, modify or revoke occupational safety and health standards which address the working conditions of all employees, including those in States which have received an affirmative 18(e) determination, although such standards may not be Federally applied. In the event that the State's section 18(e) status is subsequently withdrawn and Federal authority reinstated, all Federal standards, including any standards promulgated or modified during the 18(e) period, would be Federally enforceable in that State.

(d) As required by section 18(f) of the Act, OSHA will continue to monitor the operations of the Wyoming State program to assure that the provisions of the State plan are substantially complied with and that the program remains at least as effective as the Federal program. Failure by the State to comply with its obligations may result
in the revocation of the final determination under section 18(e), resumption of Federal enforcement, and/or proceedings for withdrawal of plan approval.

§ 1952.346 Where the plan may be inspected.

A copy of the principal documents comprising the plan may be inspected and copied during normal business hours at the following locations:

Office of State Programs, Occupational Safety and Health Administration, U.S. Department of Labor, 200 Constitution Avenue, NW, Room N3700, Washington, DC 20210;

Office of the Regional Administrator, Occupational Safety and Health Administration, U.S. Department of Labor, 1999 Broadway Suite 1690, Denver, Colorado 80202-5716; and

Office of the Assistant Administrator, Worker's Safety and Compensation Division, Wyoming Department of Employment, Herschler Building, 2nd Floor East, 122 West 25th Street, Cheyenne, Wyoming 82002.

[65 FR 36629, June 9, 2000]

§ 1952.347 Changes to approved plans.

In accordance with part 1953 of this chapter, the following Wyoming plan changes were approved by the Assistant Secretary:

(a) Legislation. (1) The State submitted amendments to its Occupational Health and Safety Act (Laws 1983, chapter 172), which became effective on May 27, 1983, modifying the powers and duties of the Occupational Health and Safety Commission, abolishing the powers of the review board and Commission to hear contested cases and establishing an independent hearing officer to hear contested cases, providing procedures for hearings and appeals whereby the Commission makes final administrative decisions in contested cases and the party adversely affected may appeal to the District Court, making penalties for posting violations discretionary (although the State guidelines on penalties for posting violations parallel OSHA’s and are set forth in the Wyoming Operations Manual), requiring written notification to employers of their right to refuse entry, and creating the Department of Occupational Health and Safety. The Assistant Secretary approved these amendments on February 27, 1989.

(2) On March 29, 1994, the Assistant Secretary approved Wyoming’s revised statutory penalty levels which are the same as the revised Federal penalty levels contained in section 17 of the Act as amended on November 5, 1990.

(b) Regulations. (1) The State submitted amendments to its Rules of Practice and Procedure pertaining to contested cases, hearings, discrimination, and petitions for modification of abatement; and making the regulations consistent with other statutory changes made to its Occupational Health and Safety Act which became effective on September 6, 1984, except amendment to Chapter IV, Enforcement which became effective on March 28, 1985. The Assistant Secretary approved these amendments on February 27, 1989.

(2) [Reserved]

(c) The Voluntary Protection Program. On October 24, 1996, the Assistant Secretary approved Wyoming’s plan supplement which is generally identical to the Federal Voluntary Protection Program, with the exception of organizational and position titles.

(d) Temporary labor camps/field sanitation. Effective February 3, 1997, the Assistant Secretary approved Wyoming’s plan amendment, dated July 19, 1996, relinquishing coverage for the issues of field sanitation (29 CFR 1928.110) and temporary labor camps (29 CFR 1910.142) in agriculture (except for agricultural temporary labor camps associated with egg, poultry or red meat production, or the post-harvest processing of agricultural or horticultural commodities.) The Employment Standards Administration, U.S. Department of Labor, has assumed responsibility for enforcement of these Federal OSHA standards in agriculture in Wyoming pursuant to Secretary of Labor’s Order 5–96, dated December 27, 1996.
