Presidential Determination No. 2010–04 of February 3, 2010

Certifications Pursuant to Section 104 of the United States-India Nuclear Cooperation Approval and Nonproliferation Enhancement Act Regarding the Safeguards Agreement Between India and the International Atomic Energy Agency

Memorandum for the Secretary of State
Pursuant to section 104 of the United States-India Nuclear Cooperation Approval and Nonproliferation Enhancement Act (Public Law 110–369), I hereby determine and certify that:

1. The Agreement between the Government of India and the International Atomic Energy Agency for the Application of Safeguards to Civilian Nuclear Facilities, as approved by the Board of Governors of the International Atomic Energy Agency on August 1, 2008 (the “Safeguards Agreement”), has entered into force; and

2. The Government of India has filed a declaration of facilities pursuant to paragraph 13 of the Safeguards Agreement that is not materially inconsistent with the facilities and schedule described in paragraph 14 of the Separation Plan presented in the national parliament of India on May 11, 2006, taking into account the later initiation of safeguards than was anticipated in the Separation Plan.

You are authorized and directed to publish this determination in the Federal Register.

BARACK OBAMA

THE WHITE HOUSE,

Memorandum of February 9, 2010

Establishing a Task Force on Childhood Obesity

Memorandum for the Heads of Executive Departments and Agencies
Across our country, childhood obesity has reached epidemic rates and, as a result, our children may live shorter lives than their parents. Obesity has been recognized as a problem for decades, but efforts to address this crisis to date have been insufficient. My Administration is committed to redoubling our efforts to solve the problem of childhood obesity within a generation through a comprehensive approach that builds on effective strategies, engages families and communities, and mobilizes both public and private sector resources.

Nearly one third of children in America are overweight or obese—a rate that has tripled in adolescents and more than doubled in younger children since 1980. One third of all individuals born in the year 2000 or later will eventually suffer from diabetes over the course of their lifetime, while too many others will face chronic obesity-related health problems such as heart
Title 3—The President

disease, high blood pressure, cancer, and asthma. Without effective intervention, many more children will endure serious illnesses that will put a strain on our health-care system. We must act now to improve the health of our Nation’s children and avoid spending billions of dollars treating preventable disease.

Therefore, I have set a goal to solve the problem of childhood obesity within a generation so that children born today will reach adulthood at a healthy weight. The First Lady will lead a national public awareness effort to tackle the epidemic of childhood obesity. She will encourage involvement by actors from every sector—the public, nonprofit, and private sectors, as well as parents and youth—to help support and amplify the work of the Federal Government in improving the health of our children. But to meet our goal, we must accelerate implementation of successful strategies that will prevent and combat obesity. Such strategies include updating child nutrition policies in a way that addresses the best available scientific information, ensuring access to healthy, affordable food in schools and communities, as well as increasing physical activity and empowering parents and caregivers with the information and tools they need to make good choices for themselves and their families. To succeed, these efforts must be strategically targeted, and accountability should be clear. They will help our children develop lifelong healthy habits, ensuring they reach their greatest potential toward building a healthier and more prosperous America. To these ends, I hereby direct the following:

Section 1. Establishment of the Task Force on Childhood Obesity. There is established a Task Force on Childhood Obesity (Task Force) to develop an interagency action plan to solve the problem of obesity among our Nation’s children within a generation. The Assistant to the President for Domestic Policy shall serve as Chair of the Task Force.

(a) Membership of the Task Force. In addition to the Chair, the Task Force shall consist of the following members, or any senior official designated by one of the following members who is a part of the member’s department, agency, or office, and who is a full time officer or employee of the Federal Government:

(1) the Secretary of the Interior;
(2) the Secretary of Agriculture;
(3) the Secretary of Health and Human Services;
(4) the Secretary of Education;
(5) the Director of the Office of Management and Budget;
(6) the Assistant to the President and Chief of Staff to the First Lady;
(7) the Assistant to the President for Economic Policy; and
(8) the heads of other executive departments, agencies, or offices as the Chair may designate.

At the direction of the Chair, the Task Force may establish subgroups consisting exclusively of Task Force members or their designees under this section, as appropriate.

(b) Administration of the Task Force. The Department of Health and Human Services shall provide funding and administrative support for the
Task Force to the extent permitted by law and within existing appropriations.

Sec. 2. Mission and Functions of the Task Force. The Task Force shall work across executive departments and agencies to develop a coordinated Federal response while also identifying nongovernmental actions that can be taken to solve the problem of childhood obesity within a generation. The functions of the Task Force are advisory only and shall include, but are not limited to, making recommendations to meet the following objectives:

(a) ensuring access to healthy, affordable food;
(b) increasing physical activity in schools and communities;
(c) providing healthier food in schools; and
(d) empowering parents with information and tools to make good choices for themselves and their families.

Sec. 3. Interagency Action Plan. Within 90 days of the date of this memorandum, the Task Force shall develop and submit to the President a comprehensive interagency plan that:

(a) details a coordinated strategy by executive departments and agencies to meet the objectives of the Task Force and identifies areas for reform to ensure complementary efforts and avoid duplication, both across the Federal Government and between other public or nongovernmental actors;
(b) includes comprehensive, multi-sectoral strategies from each member executive department, agency, or office and describes the status and scope of its efforts to achieve this goal;
(c) identifies key benchmarks and provides for regular measurement, assessment, and reporting of executive branch efforts to combat childhood obesity;
(d) describes a coordinated action plan for identifying relevant evidence gaps and conducting or facilitating needed research to fill those gaps;
(e) assists in the assessment and development of legislative, budgetary, and policy proposals that can improve the health and well-being of children, their families, and communities; and
(f) describes potential areas of collaboration with other public or nongovernmental actors, taking into consideration the types of implementation or research objectives the Federal Government, other public actors, or nongovernmental actors may be particularly well-situated to accomplish.

Sec. 4. Outreach. Consistent with the objectives set out in this memorandum, the Task Force, in accordance with applicable law, and in addition to regular meetings, shall conduct outreach with representatives of private and nonprofit organizations, State, tribal and local authorities, and other interested persons that can assist with the Task Force’s development of a detailed set of recommendations to solve the problem of childhood obesity.

Sec. 5. General Provisions. (a) The heads of executive departments and agencies shall assist and provide information to the Task Force, consistent with applicable law, as may be necessary to carry out the functions of the Task Force. Each executive department, agency, and office shall bear its own expense for participating in the Task Force.
Title 3—The President

(b) Nothing in this memorandum shall be construed to impair or otherwise affect:

(i) authority granted by law to an executive department, agency, or the head thereof; or

(ii) functions of the Director of the Office of Management and Budget relating to budgetary, administrative, or legislative proposals.

(c) This memorandum shall be implemented consistent with applicable law and subject to the availability of appropriations.

(d) This memorandum is not intended to, and does not, create any right or benefit, substantive or procedural, enforceable at law or in equity by any party against the United States, its departments, agencies, or entities, its officers, employees, or agents, or any other person.

Sec. 6. Publication. The Secretary of Health and Human Services is authorized and directed to publish this memorandum in the Federal Register.

BARACK OBAMA

THE WHITE HOUSE,

Notice of February 23, 2010

Continuation of the National Emergency Relating to Cuba and of the Emergency Authority Relating to the Regulation of the Anchorage and Movement of Vessels

On March 1, 1996, by Proclamation 6867, a national emergency was declared to address the disturbance or threatened disturbance of international relations caused by the February 24, 1996, destruction by the Cuban government of two unarmed U.S.-registered civilian aircraft in international airspace north of Cuba. On February 26, 2004, by Proclamation 7757, the national emergency was extended and its scope was expanded to deny monetary and material support to the Cuban government. The Cuban government has not demonstrated that it will refrain from the use of excessive force against U.S. vessels or aircraft that may engage in memorial activities or peaceful protest north of Cuba. And the unauthorized entry of any U.S.-registered vessel into Cuban territorial waters continues to be detrimental to the foreign policy of the United States. Therefore, in accordance with section 202(d) of the National Emergencies Act (50 U.S.C. 1622(d)), I am continuing the national emergency with respect to Cuba and the emergency authority relating to the regulation of the anchorage and movement of vessels set out in Proclamation 6867 as amended by Proclamation 7757.
