§ 724.224 Court-martial specifications, presumption concerning.

(a) Relevant and material facts stated in a court-martial specification, shall be presumed by the NDRB Panel as established facts. With respect to a discharge or dismissal adjudged by a court-martial case tried under the Uniform Code of Military Justice, the action may extend only to change in the discharge or dismissal for purposes of clemency. This policy only applies to cases filed with the discharge review board after December 6, 1983.

(b) Relevant and material facts stated in a court-martial specification, in the face of which the applicant requested a discharge for the good of the service to avoid trial by court-martial, shall be considered in accordance with the following:

(1) If the applicant/accused was required to admit the facts contained in the charge sheet, or if the discharge authority was required to find that the stated facts were true, then the NDRB can presume the truth of such facts, unless there is a substantial credible evidence to rebut this presumption; or

(2) If the discharge in lieu of court-martial only required a valid preferral, the NDRB may presume that the signer either had personal knowledge of, or had investigated the matters set forth, and that the charges were true in fact to the best of the signer's knowledge and belief.1 The weight to be given this presumption in determining whether the facts stated in the charge sheet are true is a matter to be determined by the NDRB. To the extent that the discharge proceeding reflects an official determination that the facts stated in the charge sheet are true; that the applicant/accused admitted the facts stated in the charge sheet; or that the applicant/accused admitted guilt of the offense(s), then the presumption is strengthened. In accordance with paragraph B12f of enclosure (3) to 32 CFR part 70 the presumption may be rebutted by “substantial credible evidence.”
