§ 766.8 Procedure for review, approval, execution and distribution of aviation facility licenses.

(a) Review of application by the commanding officer. The commanding officer will review each application for Aviation Facility License and Certificate of Insurance received and determine whether such forms have been completed by the applicant in accordance with the instructions for their preparation as indicated in the Aviation Facility License (OPNAV Form 3770/1 (REV. 7–70)) and the Certificate of Insurance (NAVFAC 7–11011/367–70)). As appropriate, the commanding officer will require each applicant to furnish a security deposit as stipulated in §766.7(f).

(b) Processing application. The commanding officer will approve/disapprove the application or forward it to higher authority for approval as required by §766.6(b) or (c). If the application is approved, the approving authority will then forward all copies of the license and Certificate of Insurance to the Commander, Naval Facilities Engineering Command or his designated representative for review and execution of the license.

(c) Action by the Commander, Naval Facilities Engineering Command or his designated representative. (1) Upon receipt, the Commander, Naval Facilities Engineering Command, or his designated representative, will review the license and Certificate of Insurance. He shall determine whether the insurance coverage conforms to the requirements prescribed by §766.9 of this part or to such requirements as may be promulgated from time to time by the Chief of Naval Material.

(2) Upon approval, he will then execute the license in triplicate, conform all additional copies, and make distribution as provided in paragraph (d) of this section. Applications which are not approved will be returned to the applicant with an explanation of deficiencies which must be corrected prior to execution.

(d) Distribution. (1) After execution of a license, distribution will be made as follows:

Original—To the licensee.
Executed copy—To the commanding officer.
Executed copy—To the Commander, Naval Facilities Engineering Command or his designated representative.
Conformed copy—To the Chief of Naval Operations (OP–53).
Conformed copy—To the cognizant commander under §766.6(b).
Conformed copy—To the disbursing officer serving the performing activity in the case of local deposits, and to the Office of the Navy Comptroller (NAFC3) in the case of central deposits held at the Washington, DC level.
Conformed copy—To the Military Airlift Command (MAC) for DOD contract or charter airlift operations.
Conformed copy—To the Military Traffic Management and Terminal Service (MTMTS) for DOD contract or charter airlift operations.
(2) Licenses issued under this authority are to be disposed of under provisions of paragraph 4280 of SECNAVINST 5212.5B, Disposal of Navy and Marine Corps Records. In accordance therewith, official executed copies of licenses are to be retained for a period of 6 years after completion or termination of the agreement. They may be transferred to the nearest Federal records center when superseded, revoked, canceled, or expired for retention by the center until expiration of the 6-year retention period.

§ 766.9 Insurance requirements.

(a) Control of insurance. The Commander, Naval Facilities Engineering Command, or his designee, shall be responsible for requiring aircraft owners or operators to procure and maintain liability insurance conforming to the standards prescribed by the Chief of Naval Material. The insurance policy must be obtained at the expense of the civil aircraft owner or operator and with a company acceptable to the U.S. Navy.

(b) Insurance coverage. Except for those aircraft exempted by paragraph (c) below, each civil aircraft is required to be covered by insurance of the types and minimum limits established by the Chief of Naval Material. The Certificate of Insurance, must state all coverages in U.S. dollars. Current minimums are:

(1) Privately owned commercially-operated aircraft used for cargo carrying only and aircraft being flight-tested or ferried without passengers will be insured for:

(i) Bodily injury liability. At least $100,000 for each person in any one accident with at least $1 million for each accident.

(ii) Property damage liability. At least $1 million for each accident.

(2) Privately owned commercially-operated aircraft of 12,500 pounds or more certified maximum gross takeoff weight will be insured for:

(i) Bodily injury liability. At least $100,000 for each person in any one accident with at least $500,000 for each accident.

(ii) Property damage liability. At least $500,000 for each accident.

(3) Privately owned noncommercially-operated aircraft of less than 12,500 pounds will be insured for:

(i) Bodily injury liability (excluding passengers). At least $100,000 for each person in any one accident with at least $500,000 for each accident.

(ii) Property damage liability. At least $500,000 for each accident.

(iii) Passenger liability. At least $100,000 for each passenger, with a minimum for each accident determined by multiplying the minimum for each passenger, $100,000 by the total number of passenger seats (exclusive of crew seats).

(4) Aircraft insured for a single limit of liability must have coverage equal to or greater than the combined required minimums for bodily injury, property damage, and passenger liability for the type of use requested and for the passenger capacity and gross takeoff weight of the aircraft being operated. For example: The minimum passenger coverage for each accident for an aircraft with 94 passenger seats is computed: 94×0.75=70.5—next highest whole number resulting in 71. Therefore, 71×$100,000=$7,100,000.

(5) Aircraft insured by a combination of primary and excess policies must have combined coverage equal to or greater than the required minimums for bodily injury, property damage, and passenger liability, for the type of use, and for the passenger capacity and gross takeoff weight of the aircraft.

(6) Each policy must specifically provide that:

(i) The insurer waives any right to subrogation the insurer may have against the United States by reason of
