§ 385.18  Public outreach.

(a) Goals. (1) The goal of public outreach is to open and maintain channels of communication with the public throughout the implementation process for the Plan in order to:
   (i) Provide information about proposed activities;
   (ii) Make the public’s desires, needs, and concerns known to decision-makers before decisions are reached; and
   (iii) Consider and respond to the public’s views in reaching decisions.

(2) In carrying out implementation activities for the Plan, the Corps of Engineers and non-Federal sponsors shall undertake outreach activities to:
   (i) Increase general public awareness for the Plan;
   (ii) Involve interested groups and interested communities in the decision-making process and incorporate public values into decisions;
   (iii) Better serve and involve minority communities and traditionally under served communities, persons with limited English proficiency, and socially and economically disadvantaged individuals;
   (iv) Improve the substantive quality of decisions as a result of public participation; and
   (v) Reduce conflict among interested and affected parties by building agreement or consensus on solutions to emerging issues.

(b) General requirements. (1) The Corps of Engineers and non-Federal sponsors shall provide a transparent, publicly accessible process through which scientific and technical information is used in the development of policy decisions throughout the implementation process for the Plan.

(2) The Corps of Engineers and non-Federal sponsors shall develop and conduct outreach activities for project or program-level activities in order to provide information to the public and to provide opportunities for involvement by the public.

(3) The Corps of Engineers and non-Federal sponsors shall monitor the effectiveness of outreach activities throughout the implementation process.

(4) Project Management Plans and Program Management Plans shall include information concerning any outreach activities to be undertaken during the implementation of the project or activity.

(5) Project Delivery Team meetings and RECOVER meetings shall be open to attendance by the public. The public shall be notified in advance of these meetings through e-mail, posting on a web site, or other appropriate means. The public shall be provided with an opportunity to comment at such meetings.

(6) Public meetings and workshops shall be held at such times and locations as to facilitate participation by the public.

(7) The Corps of Engineers and non-Federal sponsors shall provide opportunities for the public to review and comment on draft documents.

(c) Outreach to socially and economically disadvantaged individuals and communities. (1) The Corps of Engineers and non-Federal sponsors shall develop and conduct public outreach activities to ensure that socially and economically disadvantaged individuals, including individuals with limited English proficiency, and communities are provided opportunities to review and comment during implementation of the Plan.

(2) The Corps of Engineers and non-Federal sponsors shall monitor the effectiveness of outreach activities conducted to ensure that socially and economically disadvantaged individuals and communities, including individuals with limited English proficiency, are provided opportunities to review and comment during implementation of the Plan.

(3) Project Management Plans and Program Management Plans shall include information, concerning any outreach activities to be undertaken during the implementation of the project or activity, to socially and economically disadvantaged individuals and...

Environmental and economic equity.

(a) Project Management Plans and Program Management Plans shall include information concerning any environmental and economic equity activities to be undertaken during the implementation of the project or activity.

(b) As required by applicable laws and policies, the Corps of Engineers and non-Federal sponsors shall consider and evaluate environmental justice issues and concerns in the implementation of projects.

(c) During the implementation of the Plan, through appropriate means, consistent with section 601(k) of WRDA 2000 and other provisions of Federal law, the Corps of Engineers and non-Federal sponsors shall provide information to socially and economically disadvantaged individuals and communities, including individuals with limited English proficiency, about potential or anticipated contracting opportunities that are expected to result from implementation of the Plan.

(d) The District Engineer shall ensure that small business concerns owned and controlled by socially and economically disadvantaged individuals are provided opportunities to participate under section 15(g) of the Small Business Act (15 U.S.C. 64(g)) throughout the implementation process. The District Engineer shall track the amount of contracts awarded to small business concerns owned and controlled by socially and economically disadvantaged individuals in order to ensure that they are provided such opportunities.

§ 385.20 Restoration Coordination and Verification (RECOVER).

(a) RECOVER (Restoration Coordination and Verification) is an interagency and interdisciplinary scientific and technical team described in the “Final Integrated Feasibility Report and Programmatic Environmental Impact Statement,” dated April 1, 1999. RECOVER was established by the Corps of Engineers and the South Florida Water Management District to conduct assessment, evaluation, and planning and integration activities using the best available science that support implementation of the Plan with the overall goal of ensuring that the goals and purposes of the Plan are achieved. RECOVER has been organized into a Leadership Group that provides management and coordination for the activities of RECOVER and teams that accomplish activities such as: developing system-wide performance measures; developing and implementing the monitoring and assessment program; evaluating alternatives developed by Project Delivery Teams to achieve the goals and purposes of the Plan; conducting system-wide water quality analyses; developing, refining, and applying system-wide models and tools; and evaluating modifications to the Plan. RECOVER is not a policy making body, but has technical and scientific responsibilities that support implementation of the Plan.

(b) Documents or work products prepared or developed by RECOVER shall not be self-executing, but shall be provided as information for consideration by the Corps of Engineers and the South Florida Water Management District, in consultation with the Department of the Interior, the Environmental Protection Agency, the Department of Commerce, the Miccosukee Tribe of Indians of Florida, the Seminole Tribe of Florida, the Florida Department of Environmental Protection, and other Federal, State, and local agencies. Technical information developed by RECOVER shall be available to the public.

(c) The Corps of Engineers and the South Florida Water Management District shall encourage the participation...
