(c) Evaluation. A school operating a schoolwide program must—
(1) Annually evaluate the implementation of, and results achieved by, the schoolwide program, using data from the State’s annual assessments and other indicators of academic achievement;
(2) Determine whether the schoolwide program has been effective in increasing the achievement of students in meeting the State’s academic standards, particularly for those students who had been furthest from achieving the standards; and
(3) Revise the plan, as necessary, based on the results of the evaluation, to ensure continuous improvement of students in the schoolwide program.
