§ 1010.11

(3) Potential for adverse impact on protected resources (e.g., natural, scenic, recreational, historical, and cultural resources).

(c) Categories of action. The following categories of action normally require the preparation of an EA:

(1) Promulgation of regulations and requirements that are not categorically excluded;

(2) Proposals submitted by project applicants to the Trust for its review, as described in § 1010.14;

(3) Proposals to add or alter access between the Presidio Trust Area and surrounding neighborhoods; and

(4) Contracts, work authorizations, and master agreements related to and implementing programs, policies, and proposals which are not categorically excluded and for which there is no previously prepared EA and/or EIS.

§ 1010.12

Preparation of an EA.

(a) When to prepare. The Trust will begin the preparation of an EA (or require it to be begun) as early as possible after it is determined by the NEPA Compliance Coordinator to be required. The Trust will provide notice of such determinations in accordance with § 1010.12. The Trust may prepare or require an EA at any time to assist planning and decision-making.

(b) Content and format. An EA is a concise public document used to determine whether to prepare an EIS. An EA should address impacts, including cumulative impacts, on those resources that are specifically relevant to the particular proposal. Those impacts should be addressed in as much detail as is necessary to allow an analysis of the alternatives and the proposal. The EA shall contain brief discussions of the following topics:

(1) Purpose and need for the proposed action.

(2) Description of the proposed action.

(3) Alternatives considered, including a No Action alternative.

(4) Environmental effects of the proposed action and the alternatives, including mitigation measures.

(5) Listing of agencies, organizations, and/or persons consulted.

(c) Finding of no significant impact (FONSI). If an EA is completed and the NEPA Compliance Coordinator determines that an EIS is not required, then the NEPA Compliance Coordinator shall prepare a finding of no significant impact. The finding of no significant impact shall be made available to the public by the Trust as specified in 40 CFR 1506.6.

(d) Mitigated FONSI. If an EA is completed and the NEPA Compliance Coordinator determines that an EIS is required, then prior to preparation of an EIS, the proposal may be revised in order to mitigate the impacts identified in the EA through adherence to legal requirements, inclusion of mitigation as an integral part of the proposal, and/or fundamental changes to the proposal. A supplemental EA will be prepared on the revised proposal and will result in a Mitigated Finding of No Significant Impact, preparation of an EIS, or additional revision of the proposal and a supplemental EA.

§ 1010.12

Public involvement.

The Trust will make public involvement an essential part of its environmental review process. Public notice of anticipated Trust actions that may have a significant environmental impact, opportunities for involvement, and availability of environmental documents will be provided through announcements in the Trust’s monthly newsletter, postings on its web site (www.presidiotrust.gov), placement of public notices in newspapers, direct mailings, and other means appropriate for involving the public in a meaningful way. The Trust will conduct scoping with interested federal, state and local agencies and Indian tribes, will solicit and accept written scoping comments and will hold public scoping meetings to gather early input whenever it determines an EIS to be necessary and otherwise as appropriate. Notice of all public scoping meetings will be given in a timely manner. Interested persons may also obtain information concerning any pending EIS or any other element of the environmental review process of the Trust by contacting the NEPA Compliance Coordinator at the following address: Presidio Trust, P.O. Box 29052, San Francisco, California 94129–0052.
