agency, or by NARA, and referred to an additional agency or agencies less than 3 years before automatic declassification would otherwise be required.

(d) Other exceptions. NARA will apply automatic declassification only to information that has been properly referred to the agency that created the records, or to another agency, but not acted upon by those agencies within 3 years from the date of notification, or 28 years from the date of the record or integral file block, whichever is later.

(1) Information that has not been properly identified and referred to an agency other than the agency that created the records is not subject to automatic declassification. When NARA identifies information of interest to another agency, that agency will have 3 years from the date of notification to exempt or declassify its equity, and to further refer the record if appropriate. If no action is taken, the information from the agency that received the referral will be automatically declassified 3 years from the date of notification.

(2) Information contained in special media records that has been referred to equity holders will be automatically declassified 5 years from the date of notification, or 30 years from the date of origination of the special media, whichever is longer, unless otherwise properly exempted.

(e) Discovery of information inadvertently not reviewed: When NARA identifies a file series or collection in our physical and legal custody that contains classified information over 25 years old and that was inadvertently not reviewed before the effective date of automatic declassification, NARA must report the discovery to ISOO within 90 days of discovery. Within 180 days NARA will refer the records to the originating agency or systematically review the records.

(1) The referral agency will have 3 years from the date of notification to exempt, declassify, or further refer the record. If no action is taken, the information from the agency that received the referral will be automatically declassified 3 years from the date of notification.

(2) Information contained in special media records that has been referred will be automatically declassified 5 years from the date of notification or 30 years from the date of origination of the special media, whichever is longer, unless otherwise properly exempted.

Subpart D—Mandatory Review

§ 1260.50 What procedures does NARA follow when it receives a request for Executive Branch records under mandatory review?

(a) If the requested records are less than 25 years old, NARA refers copies of the records to the originating agency and to agencies that have equities in the information for declassification review. Agencies may also send personnel to a NARA facility where the records are located to conduct a declassification review, or may delegate declassification authority to NARA in the form of declassification guidance.

(b) If the requested records are more than 25 years old, NARA will review the records using systematic declassification guidance provided by the originating agency and agencies having equities in the information. If the originating agency, or agencies having equities in the information have not provided systematic declassification guidance, or if there is a question regarding the guidance, NARA will refer any requested documents it is unable to declassify to the appropriate agency or agencies for declassification determinations.

(c) When the records were originated by a defunct agency that has no successor agency, NARA is responsible for making the declassification determinations, but will consult with agencies having primary subject matter interest.

(d) Requests for mandatory review must describe the document or material containing the information with sufficient specificity to enable NARA to locate it with a reasonable amount of effort.

(e) If the document or information has been properly reviewed for declassification within the past 2 years, or if the specific information is the subject
§ 1260.52 What are agency responsibilities after receiving a mandatory review request forwarded by NARA?

(a) The agency must make a determination within 180 calendar days after receiving the request or inform NARA of the additional time needed to process the request.

(b) The agency must notify NARA of any other agency to which it forwards the request in those cases requiring the declassification determination of another agency.

(c) The agency must return to NARA a complete copy of each referred document with the agency determination uniformly and conspicuously identified to leave no doubt about the status of the information and the authority for its continued classification or its declassification. If a document cannot be declassified in its entirety, the agency must return to NARA a copy of the document with those portions that require continued classification clearly marked. If a document requires continued classification in its entirety, the agency must return to NARA a copy of the document clearly marked.

(d) The agency must also furnish, for transmission to the requester, a brief statement of the reasons the requested information cannot be declassified and a statement of the requester’s right to appeal the decision, along with the procedures for filing an appeal. The agency must also supply for transmission to the requester a contact name and title and the address where the appeal must be sent. Additional information on appeals for requesters is located in 36 CFR part 1256 and in Appendix A to 32 CFR part 2001 (Article VIII).

(e) If NARA determines that a requester has submitted a request for the same information or material under both the mandatory review and the Freedom of Information Act (FOIA), as amended, the request will be treated as a request under the FOIA, unless the requested information or materials are subject only to mandatory review.

(f) If NARA determines that a requester has submitted a request for the same information or material under both the mandatory review and the Freedom of Information Act (FOIA), as amended, the request will be treated as a request under the FOIA, unless the requested information or materials are subject only to mandatory review.

(g) In every case, NARA will acknowledge receipt of the request and inform the requester of the action taken. If additional time is necessary to make a declassification determination on material for which NARA has delegated authority, NARA will tell the requester how long it will take to process the request. NARA will also tell the requester if part or all of the requested information is referred to other agencies for declassification review, subject to section 3.6 (a) and (b) of EO 12958 as amended.

§ 1260.54 What is the appeal process when a mandatory review request for Executive Branch information is denied?

(a) If an agency denies a declassification request under mandatory review, the requester may appeal directly to the appeal authority at that agency. If a final decision on the appeal is not made within 180 days of the date of the appeal, the appellant may appeal to the Interagency Security Classification Appeals Panel (ISCAP).

(b) If requested by the agency, NARA will supply the agency with:

1. Copies of NARA’s letter to the requester transmitting the agency denial; and

2. Copies of any documents denied in part that were furnished in sanitized form to the requester.

(c) The agency appeal authority must notify NARA in writing of the final determination and of the reasons for any denial.

(d) The agency must furnish to NARA a complete copy of any document they released to the requester only in part, clearly marked to indicate the portions that remain classified. NARA will give the requester a copy of any notifications from the agencies that describe what information has been denied and what the requester’s appeal rights are.

(e) NARA will also notify the requester of the right to appeal denials of access to the Interagency Security Classification Appeals Panel, Attn:
