§ 17.162 Eligibility for Class II dental treatment without rating action.

When an application has been made for class II dental treatment under §17.161(b), the applicant may be deemed eligible and dental treatment authorized on a one-time basis without rating action if:

(a) The examination to determine the need for dental care has been accomplished within the specified time limit after date of discharge or release unless delayed through no fault of the veteran, and sound dental judgment warrants a conclusion the condition originated in or was aggravated during service and the condition existed at the time of discharge or release from active service, and

(b) The treatment will not involve replacement of a missing tooth noted at the time of Department of Veterans Affairs examination except:

(1) In conjunction with authorized extraction replacement, or

(2) When a determination can be made on the basis of sound professional judgment that a tooth was extracted or lost on active duty.

(c) Individuals whose entire tour of duty consisted of active or inactive duty for training shall not be eligible for treatment under this section.

§ 17.163 Posthospital outpatient dental treatment.

The Chief, Dental Service may authorize outpatient dental care which is reasonably necessary to complete treatment of a non-service-connected dental condition which was begun while the veteran was receiving Department of Veterans Affairs authorized hospital care.

§ 17.164 Patient responsibility in making and keeping dental appointments.

Any veteran eligible for dental treatment on a one-time completion basis only and who has not received such treatment within 3 years after filing the application shall be presumed to have abandoned the claim for dental treatment.

§ 17.165 Emergency outpatient dental treatment.

When outpatient emergency dental care is provided, as a humanitarian service, to individuals who have not established eligibility for outpatient dental care, the treatment will be restricted to the alleviation of pain or extreme discomfort, or the remediation
of a dental condition which is determined to be endangering life or health. The provision of emergency treatment to persons found ineligible for dental care will not entitle the applicant to further dental treatment. Individuals provided emergency dental care who are found to be ineligible for such care will be billed.

(Authority: 38 U.S.C. 501)

§ 17.166 Dental services for hospital or nursing home patients and domiciled members.

Persons receiving hospital, nursing home, or domiciliary care pursuant to the provisions of §§17.46 and 17.47, will be furnished such dental services as are professionally determined necessary to the patients’ or members’ overall hospital, nursing home, or domiciliary care.

AUTOPSIES

§ 17.170 Autopsies.

(a) Except as provided in this section, no autopsy will be performed by the Department of Veterans Affairs unless there is no known surviving spouse or known next of kin; or without the consent of the surviving spouse or, in a proper case, the next of kin, unless the patient or domiciled person was abandoned by the spouse, if any, or, if no spouse, by the next of kin for a period of not less than 6 months next preceding death. Where no inquiry has been made for or in regard to the decedent for a period of 6 months next preceding his death, he or she shall be deemed to have been abandoned.

(b) If there is no known surviving spouse or known next of kin, or if the decedent shall have been abandoned or if the request is sent and the spouse or, in proper cases, the next of kin fails to reply within the reasonable time stated in such request of the Department of Veterans Affairs for permission to perform the autopsy, the Director is hereby authorized to cause an autopsy to be performed if in the Director’s discretion he or she concludes that such autopsy is reasonably required for any necessary purpose of the Department of Veterans Affairs, including the completion of official records and advancement of medical knowledge.

(c) If it is suspected that death resulted from crime and if the United States has jurisdiction over the area where the body is found, the Director of the Department of Veterans Affairs facility will inform the Office of Inspector General of the known facts concerning the death. Thereupon the Office of Inspector General will transmit all such information to the United States Attorney for such action as may be deemed appropriate and will inquire whether the United States Attorney objects to an autopsy if otherwise it be appropriate. If the United States Attorney has no objection, the procedure as to autopsy will be the same as if the death had not been reported to him or her.

(d) If the United States does not have exclusive jurisdiction over the area where the body is found the local medical examiner/coroner will be informed. If the local medical examiner/coroner declines to assume jurisdiction the procedure will be the same as is provided in paragraph (c) of this section. If a Federal crime is indicated by the evidence, the procedure of paragraph (c) of this section will also be followed.

(e) The laws of the decedent’s domicile are determinative as to whether the spouse or the next of kin is the proper person to grant permission to perform an autopsy and of the question as to the order of preference among such persons. Usually the spouse is first entitled, except in some situations of separation; followed by children, parents, brothers and sisters, etc. When the next of kin as defined by the laws of decedent’s domicile consists of a number of persons as children, parents, brothers and sisters, etc., permission to perform an autopsy may be accepted when granted by the person in the appropriate class who assumes the right and duty of burial.

(f) The Director of a Department of Veterans Affairs facility is authorized to cause an autopsy to be performed on a veteran who dies outside of a Department of Veterans Affairs facility while undergoing post-hospital care under
