§ 3.209

Birth.

Age or relationship is established by one of the following types of evidence. If the evidence submitted for proof of age or relationship indicates a difference in the name of the person as shown by other records, the discrepancy is to be reconciled by an affidavit or certified statement identifying the person having the changed name as the person whose name appears in the evidence of age or relationship.

(a) A copy or abstract of the public record of birth. Such a record established more than 4 years after the birth will be accepted as proof of age or relationship if, it is consistent with material of record with the Department of Veterans Affairs, or if it shows on its face that it is based upon evidence which would be acceptable under this section.

(b) A copy of the church record of baptism. Such a record of baptism performed more than 4 years after birth will not be accepted as proof of age or relationship unless it is consistent with material of record with the Department of Veterans Affairs, which will include at least one reference to age or relationship made at a time when such reference was not essential to establishing entitlement to the benefit claimed.

(c) Official report from the service department as to birth which occurred while the veteran was in service.
