(d) Compliance. A recipient may not exclude any qualified handicapped person from a public elementary or secondary education after the effective date of this part. A recipient that is not, on the effective date of this part, in full compliance with the requirements of paragraphs (a) through (c) of this section shall meet those requirements at the earliest practicable time, but not later than October 1, 1981.

§ 18.434 Education setting.

(a) Academic setting. A recipient shall educate, or shall provide for the education of, each qualified handicapped person in its jurisdiction with persons who are not handicapped to the maximum extent appropriate to the needs of the handicapped person. A recipient shall place a handicapped person in the regular educational environment operated by the recipient unless it is demonstrated by the recipient that the education of the person in the regular environment with the use of supplementary aids and services cannot be achieved satisfactorily. In deciding whether to place a person in a setting other than the regular educational environment, a recipient shall consider the proximity of the alternate setting to the person’s home.

(b) Nonacademic settings. In providing or arranging for the provision of nonacademic and extracurricular services and activities, a recipient shall ensure that handicapped persons participate with nonhandicapped persons in those activities and services to the maximum extent appropriate to the needs of the handicapped person in question.

(c) Comparable facilities. If a recipient in compliance with paragraph (a) of this section operates a facility that is identifiable as being for handicapped persons, the recipient shall ensure that the facility and the services and activities provided in that facility are comparable to the other facilities, services, and activities of the recipient.

§ 18.435 Evaluation and placement.

(a) Preplacement evaluation. A recipient that operates a public elementary or secondary education program or activity shall conduct an evaluation of any qualified person who, because of handicap, needs or is believed to need special education or related services before taking any action concerning the initial placement of the person in regular or program special education and any subsequent change in placement.

(b) Evaluation procedures. Elementary, secondary, and adult education programs or activities that receive Federal financial assistance shall establish standards and procedures for the evaluation and placement of persons who, because of handicap, need or are believed to need special education or related services which ensure that:

(1) Tests and other evaluation materials have been validated for the specific purpose for which they are used and are administered by trained personnel in conformance with the instructions provided by their producer;

(2) Tests and other evaluation materials include those tailored to assess specific areas of educational need and not merely those which are designed to provide a single general intelligence quotient; and

(3) Tests are selected and administered to best ensure that, when a test is administered to a student with impaired sensory, manual, or speaking skills, the test results accurately reflect the student’s aptitude or achievement level or whatever other factor the test purports to measure, rather than reflect the student’s impaired sensory, manual, or speaking skills (except where those skills are the factors that the test purports to measure.)

(c) Placement procedures. In interpreting evaluation data and in making placement decisions, a recipient shall:

(1) Draw upon information from a variety of sources, including aptitude and achievement tests, teacher recommendations, physical condition, social or cultural background and adaptive behavior;

(2) Establish procedures to ensure that information obtained from all sources is documented and carefully considered;

(3) Ensure that the placement decision is made by a group of persons, including persons knowledgeable about
