Federal Property Management Regulations

§ 101–39.000 Scope of part.

This part prescribes policies governing the establishment and operation of interagency fleet management systems and operating procedures applicable to the General Services Administration (GSA) Interagency Fleet Management System.

[56 FR 59887, Nov. 26, 1991]

Subpart 101–39.0—General Provisions

§ 101–39.001 Authority.

Section 211 of the Federal Property and Administrative Services Act of 1949, as amended, (40 U.S.C. 491), requires that the Administrator of General Services will, to the extent that he determines that so doing is advantageous to the Government in terms of economy, efficiency, or service, and after consultation with, and with due regard to the program activities of the agencies concerned, (a) consolidate, take over, acquire, or arrange for the operation by any executive agency of motor vehicles and other related equipment and supplies for the purpose of establishing fleet management systems to serve the needs of executive agencies; and (b) provide for the establishment, maintenance, and operation (including servicing and storage) of fleet management systems for transportation of property or passengers, and for furnishing such motor vehicles and related services to executive agencies. The exercise of this authority is subject to regulations issued by the President, which are set forth in Executive Order 10579, dated November 30, 1954.

The regulations in this part apply to all executive agencies of the Federal Government to the extent provided in the Act.

(a) Section 211(d) of the Federal Property and Administrative Services Act, 1949, as amended, provides that the General Supply Fund, provided for in section 109 of the Act, shall be available for use by or under the direction and control of the Administrator of General Services for paying all elements of cost incident to the establishment, maintenance, and operation of fleet management systems.

(b) When an agency other than GSA operates an interagency fleet management system, the financing and accounting methods shall be developed by GSA in cooperation with the agency concerned.

Subpart 101–39.1—Establishment, Modification, and Discontinuance of Interagency Fleet Management Systems

§ 101–39.100 General.

GSA will conduct studies of the operation and costs of motor vehicle and motor vehicle services in selected geographical areas to determine the advisability of establishing fleet management systems.

(a) Based on these studies, the Administrator of General Services, with the assistance of the affected agencies, shall develop necessary data and cost statistics for use in determining the feasibility of establishing a fleet management system in the geographical area studied.

(b) If the Administrator, GSA, determines that a fleet management system shall be established, a formal determination is prepared to that effect.

(c) In the event the Administrator, GSA, decides that the establishment of a fleet management system is not feasible, the head of each agency concerned will be notified.

(d) In the making of determinations for the establishment of fleet management systems, the Administrator, GSA, will, to the extent consistent with the provisions of section 1(b) of Executive Order 10579, observe the policies outlined in the Office of Management and Budget (OMB) Circular A–76, for the utilization of commercial facilities.

(e) Except as provided in this subpart, all Government motor vehicles subsequently acquired for official purposes by fully participating agencies which are stored, garaged, or operated within the defined mandatory use service area of a fleet management system shall also be consolidated into and operated under the control of that system.

(f) Fleet management systems established under this subpart provide for furnishing motor vehicles and related services to executive agencies. So far as practicable, these services will also be furnished to any mixed-ownership corporation, the District of Columbia, or a contractor authorized under the provisions of Federal Acquisition Regulation, 48 CFR part 51, subpart 51.2, upon request. Such services may be furnished, as determined by the Administrator, GSA, through the use, under rental or other arrangements, of motor vehicles of private fleet operators, commercial companies, local or interstate common carriers, or Government-owned motor vehicles, or combinations thereof.

§ 101–39.101 Notice of intention to begin a study.

The Administrator, GSA, will ascertain the possibilities of economies to be derived through the establishment of a fleet management system in a specific geographical area. After preliminary investigation, he or she will notify the head of each agency concerned at least 30 calendar days in advance of the intent to conduct a study to develop data and justification as to the feasibility of establishing a fleet management system. The notification, in writing, will include:

(a) The approximate geographical area to be included in the study, including a defined mandatory use service area and an optional use service area; and

(b) The date on which the study will begin.

§ 101–39.101–1 Agency cooperation.

(a) As provided by Executive Order 10579, the head of each executive agency receiving notice that GSA will conduct a study will designate representatives with whom members of the GSA staff may consult and who will furnish information and assistance to the GSA staff, including reasonable opportunities to observe motor vehicle operations and facilities and to examine pertinent cost and other records. Such information shall include the inventory, management, operation, maintenance, and storage of motor vehicles,
