§ 101–5.104–2 Basis for determining economic feasibility.

(a) Whenever possible, determination of the economic feasibility of a proposed centralized service shall be based upon standard data on the relationship of the size of the Federal building, the number of occupants, location, and other factors pertinent to the type of centralized service being considered.

(b) In the absence of standard data on which a determination of economic feasibility can be based, or where such data must be supplemented by additional factual information, a formal feasibility study may be made by GSA or a CASU workgroup, in coordination with local agencies to be involved, prior to a final determination to proceed with the furnishing of a centralized service. Generally, a formal feasibility study will be made only if provision of the proposed centralized service would involve the pooling of staff, equipment, and space which occupying agencies otherwise would be required to use in providing the service for themselves. Examples of centralized services which may require formal studies include printing and duplicating plants and similar facilities.

(c) On the basis of experience under the centralized services program, GSA will develop criteria as to cost comparisons, production needs, building population, number of agencies involved, and other appropriate factors for consideration in determining the practicability of establishing various types of centralized services.

41 CFR Ch. 101 (7–1–07 Edition)

§ 101–5.104–3 Data requirements for feasibility studies.

(a) The data requirements for feasibility studies may vary from program to program, but shall be standard within any single program. Such data shall disclose the costs resulting from provisions of the service on a centralized basis as compared to the same service provided separately by each occupying agency, including the costs of personnel assigned to provide the service, comparative space needs, equipment use, and any other pertinent factors.

(b) Wherever feasible and appropriate, data will be secured directly from the prospective occupying agencies, subject to necessary verification procedures. Suitable standard formats and necessary instructions for submission of data will be prescribed in applicable subchapters of chapter 101.

(c) Agencies required to submit data for a feasibility study will be furnished with copies of the prescribed reporting forms and such assistance as may be needed to assure their accurate and timely completion.

§ 101–5.104–4 Scheduling feasibility studies.

The schedule of feasibility studies will be coordinated by GSA with its construction, space management, and buildings management programs. Before initiating the study, the Administrator of General Services, or his authorized designee, will give at least 30 days’ notice to the head of each agency that would be served by the proposed centralized facility. Such notice will contain an indication of the cost elements involved and the general procedures to be followed in the study.

§ 101–5.104–5 Designating agency representatives.

The head of each agency receiving a GSA notice regarding a scheduled feasibility study will be requested to designate one or more officials at the location where the study will be made who may consult with authorized GSA representatives. Such information and assistance as is required or pertinent for an adequate review of the feasibility of the proposed centralized service shall be made available to GSA through the designated agency representatives.

§ 101–5.104–6 Conduct of feasibility studies.

An initial meeting of the representatives of prospective occupying agencies will be held to discuss the objectives and detailed procedures to be followed in the conduct of each feasibility
study. Arrangements will be made at this meeting for securing all necessary data in accordance with §101–5.104–3.

§101–5.104–7 Administrator's determination.

(a) The Administrator of General Services will determine, on the basis of the feasibility study, whether provision of a centralized service meets the criteria for increased economy, efficiency, and service, with due regard to the program and internal administrative requirements of the agencies to be served. The Director of the Office of Management and Budget and the head of each agency affected will be advised of the Administrator's determination and of the reasons therefor. Each determination to provide a centralized service shall include a formal report containing an explanation of the advantages to be gained, a comparison of estimated annual costs between the proposed centralized operation and separate agency operations, and a statement of the date the centralized facility will be fully operational.

(b) While a formal appeals procedure is not prescribed, any agency desiring to explain its inability to participate in the use of a centralized service may do so through a letter to the Director of the Office of Management and Budget, with a copy to the Administrator of General Services.

§101–5.106 Agency committees.

(a) Establishment. An occupying agency committee will be established by GSA if one does not exist, to assist the occupying agency, or such other agency as may be responsible, in the cooperative use of the centralized services, as defined in 101–5.102(a), provided in a Federal building. Generally, such a committee will be established when the problems of administration and coordination necessitate a formal method of consultation and discussion among occupying agencies.

(b) Membership. Each occupying agency of a Federal building is entitled to membership on an agency committee. The chairperson of each such committee shall be a GSA employee designated by the appropriate GSA Regional Administrator, except when another agency had been designated to administer the centralized service. In this instance, the chairperson shall be an employee of such other agency as designated by competent authority within that agency.

(c) Activities. Agency committees shall be advisory in nature and shall be concerned with the effectiveness of centralized services in the building. Recommendations of an agency committee will be forwarded by the chairman to the appropriate GSA officials for consideration and decision.

(d) Reports. A résumé of the minutes of each meeting of an agency committee shall be furnished to each member of the committee and to the appropriate GSA Regional Administrator.
