The management, operation and maintenance of buildings and building systems must—

(a) Be cost effective and energy efficient;
(b) Be adequate to meet the agencies’ missions;

With certain exceptions, the Randolph-Sheppard Act (20 U.S.C. 107 et seq.) requires that blind persons licensed by a State licensing agency under the provisions of the Randolph-Sheppard Act be authorized to operate vending facilities on Federal property, including leased buildings. The Department of Education (ED) is responsible for the administration of the Randolph-Sheppard Act as set forth at 34 CFR part 395. The ED designates individual State licensing agencies with program administration responsibility. The Randolph-Sheppard Act and its implementing regulations require that Federal property managers give priority to and notify the State licensing agencies in writing of any opportunity.

§ 102–74.55 Are vending facilities authorized under the Randolph-Sheppard Act operated by permit or contract?

(g) Private vehicles owned by employees, using spaces not needed for official business.

However, in major metropolitan areas, Federal agencies may determine that allocations by zone would make parking more efficient or equitable, taking into account the priority for official parking set forth in this section.

§ 102–74.290 May Federal agencies allow employees to use parking spaces not required for official needs?

Yes, Federal agencies may allow employees to use parking spaces not required for official needs.

The Federal agency buildings manager must allocate space available for employee parking among occupant agencies on an equitable basis, such as by allocating such parking in proportion to each agency’s share of building space, office space or total employee population, as appropriate. Effective June 19, 2009, smoking is prohibited in courtyards and within twenty-five (25) feet of doorways and air intake ducts on outdoor space under the jurisdiction, custody or control of GSA. This six-month phase-in period is designed to establish a fixed but reasonable time for implementing this policy change. This phase-in period will provide agencies with time to comply with their obligations under the Federal Service Labor-Management Relations Act, as amended, 5 U.S.C. Ch. 71, Labor-Management Relations, in those circumstances where there is an exclusive union representative for the employees.

[73 FR 77518, Dec. 19, 2008]

§ 102–74.325 Are designated smoking areas authorized in interior space?

No, unless specifically established by an agency head as provided by §102–74.320(d). A previous exception for designated smoking areas is being eliminated. All designated interior smoking areas will be closed effective June 19, 2009. This six-month phase-in period is designed to establish a fixed but reasonable time for implementing this policy change. This phase-in period will provide agencies with time to comply with their obligations under the Federal Service Labor-Management Relations Act, as amended, 5 U.S.C. Ch. 71, Labor-Management Relations, in those circumstances where there is an exclusive union representative for the employees.

[73 FR 77518, Dec. 19, 2008]

(b) Portions of Federally owned buildings leased, rented or otherwise provided in their entirety to non-Federal parties;

(c) Places of employment in the private sector or in other non-Federal Governmental units that serve as the permanent or intermittent duty station of one or more Federal employees; and

Such exceptions must be in writing, approved by the agency head and, to the fullest extent possible, provide protection of nonsmokers from exposure to environmental tobacco smoke. Authority to establish such exceptions may not be delegated.

[73 FR 77518, Dec. 19, 2008]

§ 102–74.315 What is the smoking policy for interior space in Federal facilities?

Pursuant to Executive Order 13058, “Protecting Federal Employees and the Public From Exposure to Tobacco Smoke in the Federal Workplace” (3 CFR, 1997 Comp., p. 216), it is the policy of the executive branch to establish a smoke-free environment for Federal employees and members of the public visiting or using Federal facilities. Ch. 71, Labor-Management Relations, prior to implementing this section. In all other cases, agencies may consult directly with employees.

[73 FR 77518, Dec. 19, 2008]

§ 102–74.351 If a state or local government has a smoke-free ordinance that is more strict than the smoking policy for Federal facilities, does the state or local law or Federal policy control?

The answer depends on whether the facility is Federally owned or privately owned. If the facility is Federally owned, then Federal preemption principles apply and the Federal policy controls. If the facility is privately owned, then Federal tenants are subject to the provisions of the state or local ordinance, even in the Federally leased space, if the state or local restrictions are more stringent than the Federal policy.

Public 106–346 became effective on October 23, 2000, and required the Director of the Office of Personnel Management (OPM) to ensure the application and implementation of Section 359 to 25 percent of the Federal workforce by April 2001, and to an additional 25 percent of such workforce each year thereafter. If the agency needs assistance in this investigation and/or subsequent application of alternative workplace arrangements, GSA will provide guidance, assistance, and oversight, as needed, regarding establishment and operation of alternative workplace arrangements.
