§ 102–75.485 What happens if property that was conveyed for use as a historic monument is revested in the United States?

In such a case, DOI must notify the appropriate GSA Public Buildings Service (PBS) Regional Office immediately by letter when title to the historic property is to be revested in the United States for noncompliance with the terms and conditions of disposal or for other cause. The notification must cite the legal and administrative actions that DOI must take to obtain full title and possession of the property. In addition, it must include an adequate description of the property, including any improvements constructed since the original conveyance to the grantee. After receiving a statement from DOI that title to the property is proposed for revesting, GSA will review the statement and determine if title should be revested. If GSA, in consultation with DOI, determines that the property should be revested, DOI must submit a Report of Excess Real Property, Standard Form 118 to GSA. GSA will review and act upon the Standard Form 118, if acceptable. However, the grantee must provide protection and maintenance of the property until the title reverts to the Federal Government, including the period of the notice of intent to revert. Such protection and maintenance must, at a minimum, conform to the standards prescribed in the GSA Customer Guide to Real Property Disposal.

§ 102–75.490 Who must notify eligible public agencies that surplus real property for educational and public health purposes is available?

The disposal agency must notify eligible public agencies that surplus property is available for educational and/or public health purposes. The notice must require that any plans for an educational or public health use, resulting from the development of the comprehensive and coordinated plan of use and procurement for the property, must be coordinated with the Department of Education (ED) or the Department of Health and Human Services (HHS), as appropriate. The notice must also let eligible public agencies know where to obtain the applications, instructions for preparing them, and where to submit the application. The requirement for educational or public health use of the property by an eligible public agency is contingent upon the disposal agency’s approval, under §102–75.515, of a recommendation for assignment of Federal surplus real property received from ED or HHS. Further, any subsequent transfer is subject to the approval of the head of the disposal agency as stipulated under 40 U.S.C. 550(c) or (d) and referenced in §102–75.535.

§ 102–75.495 May the Department of Education (ED) or the Department of Health and Human Services (HHS) notify nonprofit organizations that surplus real property and related personal property is available for educational and public health purposes?

Yes, ED or HHS may notify eligible non-profit institutions that such property has been determined to be surplus. Notices to eligible non-profit institutions must require eligible non-profit institutions to coordinate any request for educational or public health use of the property with the appropriate public agency responsible for developing and submitting a comprehensive and coordinated plan of use and procurement for the property.

§ 102–75.500 Which Federal agencies may the head of the disposal agency (or his or her designee) assign for disposal surplus real property to be used for educational and public health purposes?

The head of the disposal agency or his designee may—

(a) Assign to the Secretary of ED for disposal under 40 U.S.C. 550(c) surplus real property, including buildings, fixtures, and equipment, as recommended by the Secretary as being needed for school, classroom, or other educational use; or

(b) Assign to the Secretary of HHS for disposal under 40 U.S.C. 550(d) such surplus real property, including buildings, fixtures, and equipment situated
