§ 102–75.530 What happens if the Department of Education or the Department of Health and Human Services does not approve any applications for conveyance of the property for educational or public health purposes?

In the absence of an approved application from ED or HHS to convey the property for educational or public health purposes, which must be received within the 30 calendar day time limit, the disposal agency will proceed with other disposal actions.

§ 102–75.535 What responsibilities does the Department of Education or the Department of Health and Human Services have after receiving the disposal agency’s assignment letter?

After receiving the disposal agency’s assignment letter, ED or HHS must furnish the disposal agency with a Notice of Proposed Transfer within 30 calendar days. If the disposal agency approves the proposed transfer within 30 days of receiving the Notice of Proposed Transfer, ED or HHS may prepare the transfer documents and proceed with the transfer. ED or HHS must take all necessary actions to accomplish the transfer within 15–calendar days beginning when the disposal agency approves the transfer. ED or HHS must furnish the disposal agency two conformed copies of deeds, leases or other instruments conveying the property under 40 U.S.C. 550(c) or (d) and all related documents containing restrictions or conditions regulating the future use, maintenance or transfer of the property.

§ 102–75.540 Who is responsible for enforcing compliance with the terms and conditions of the transfer for educational or public health purposes?

ED or HHS, as appropriate, is responsible for enforcing compliance with the terms and conditions of transfer. ED or HHS is also responsible for reforming, correcting, or amending any transfer instruments; granting releases; and for taking any necessary actions for recapturing the property using or following the provisions of 40 U.S.C. 550(b). These actions are subject to the approval of the head of the disposal agency. ED or HHS must notify the disposal agency of its intent to take any actions to recapture the property. The notice must identify the property affected, describe in detail the proposed action, and state the reasons for the proposed action.

§ 102–75.545 What happens if property that was transferred to meet an educational or public health requirement is revested in the United States for noncompliance with the terms of sale, or other cause?

In each case of repossession under a terminated lease or reversion of title for noncompliance with the terms or conditions of sale or other cause, ED or HHS must, prior to repossession or reversion of title, provide the appropriate GSA regional property disposal office with an accurate description of the real and related personal property involved using the Report of Excess Real Property (Standard Form 118), and the appropriate schedules. After receiving a statement from ED or HHS that the property is proposed for revesting, GSA will review the statement and determine if title should be revested. If GSA, in conjunction with ED or HHS, determines that the property should be revested, ED or HHS must submit a Standard Form 118 to GSA. GSA will review and act upon the Standard Form 118, if acceptable. However, the grantee must provide protection and maintenance for the property until the title reverts to the Federal Government, including the period of any notice of intent to revert. Such protection and maintenance must, at a minimum, conform to the standards prescribed in the GSA Customer Guide to Real Property Disposal.
