ineligibility of an unlisted Native village shall have the burden of proof in establishing that the decision is incorrect.

(10) Action on protest appeal. Upon receipt of a protest, the Director, Juneau Area Office, Bureau of Indian Affairs, shall follow the procedure outlined in paragraph (a)(4) of this section. If an appeal is taken from a decision on eligibility, the provisions of paragraph (a)(5) of this section shall apply.

(b) Except as provided in paragraph (b)(4) of this section, villages must meet each of the following criteria to be eligible for benefits under sections 14(a) and (b) of the Act:

(1) There must be 25 or more Native residents of the village on April 1, 1970, as shown by the census or other evidence satisfactory to the Secretary. A Native properly enrolled to the village shall be deemed a resident of the village.

(2) The village shall have had on April 1, 1970, an identifiable physical location evidenced by occupancy consistent with the Natives' own cultural patterns and life style and at least 13 persons who enrolled thereto must have used the village during 1970 as a place where they actually lived for a period of time: Provided, That no village which is known as a traditional village shall be disqualified if it meets the other criteria specified in this subsection by reason of having been temporarily unoccupied in 1970 because of an act of God or government authority occurring within the preceding 10 years.

(3) The village must not be modern and urban in character. A village will be considered to be of modern and urban character if the Secretary determines that it possessed all the following attributes as of April 1, 1970:

(i) Population over 600.

(ii) A centralized water system and sewage system that serves a majority of the residents.

(iii) Five or more business establishments which provide goods or services such as transient accommodations or eating establishments, specialty retail stores, plumbing and electrical services, etc.

(iv) Organized police and fire protection.

(v) Resident medical and dental services, other than those provided by Indian Health Service.

(vi) Improved streets and sidewalks maintained on a year-round basis.

(4) In the case of unlisted villages, a majority of the residents must be Native, but in the case of villages listed in sections 11 and 16 of the Act, a majority of the residents must be Native only if the determination is made that the village is modern and urban pursuant to paragraph (b)(3) of this section.

(43 U.S.C. 1601–1624)

§ 2651.3 Selection period.

Each eligible village corporation must file its selection application(s) not later than December 18, 1974, under sections 12(a) or 16(b) of the Act; and not later than December 18, 1975, under section 12(b) of the Act.

§ 2651.4 Selection limitations.

(a) Each eligible village corporation may select the maximum surface acreage entitlement under sections 12(a) and (b) and section 16(b) of the Act. Village corporations selecting lands under sections 12(a) and (b) may not select more than:

(1) 69,120 acres from land that, prior to January 17, 1969, has been selected by, or tentatively approved to, but not yet patented to the State under the Alaska Statehood Act; and

(2) 69,120 acres of land from the National Wildlife Refuge System; and

(3) 69,120 acres of land from the National Forest System.

(b) To the extent necessary to obtain its entitlement, each eligible village corporation shall select all available lands within the township or townships within which all or part of the village is located, and shall complete its selection from among all other available lands. Selections shall be contiguous and, taking into account the situation and potential uses of the lands involved, the total area selected shall be reasonably compact, except where separated by lands which are unavailable for selection. The total area selected will not be considered to be reasonably compact.
compact if (1) it excludes other lands available for selection within its exterior boundaries; or (2) lands which are similar in character to the village site or lands ordinarily used by the village inhabitants are disregarded in the selection process; or (3) an isolated tract of public land of less than 1,280 acres remains after selection.

(c) The lands selected under sections 12(a) or (b) shall be in whole sections where they are available, or shall include all available lands in less than whole sections, and, wherever feasible, shall be in units of not less than 1,280 acres. Lands selected under section 16(b) of the Act shall conform to paragraph (b) of this section and shall conform as nearly as practicable to the U.S. land survey system.

(d) Village corporation selections within sections 11 (a)(1) and (a)(3) areas shall be given priority over regional corporation selections for the same lands.

(e) Village or regional corporations are not required to select lands within an unpatented mining claim or millsite. Unpatented mining claims and millsites shall be deemed to be selected, unless they are excluded from the selection by metes and bounds or other suitable description and there is attached to the selection application a copy of the notice of location and any amendments thereto. If the village or regional corporation selection omits lands within an unpatented mining claim or millsite, this will not be construed as violating the requirements for compactness and contiguity. If, during the selection period, the excepted mining claims or millsites are declared invalid, or under the State of Alaska mining laws are determined to be abandoned, the selection will no longer be considered as compact and contiguous. The corporation shall be required to amend its selection, upon notice from the authorized officer of the Bureau of Land Management, to include the lands formerly included in the mining claim or millsite. If the corporation fails to amend its selection to include such lands, the selection may be rejected.

(f) Eligible village corporations may file applications in excess of their total entitlement. To insure that a village acquires its selection in the order of its priorities, it should identify its choices numerically in the order it wishes them granted. Such selections must be filed not later than December 18, 1974, as to sections 12(a) or 16(b) selections and December 18, 1975, as to section 12(b) selections.

(g) Whenever the Secretary determines that a dispute exists between villages over land selection rights, he shall accept, but not act on, selection applications from any party to the dispute until the dispute has been resolved in accordance with section 12(e) of the Act.

(h) Village or regional corporations may, but are not required to, select lands within pending Native allotments. If the village or regional corporation selection omits lands within a pending Native allotment, this will not be construed as violating the requirements for compactness and contiguity. If, during the selection period, the pending Native allotment is finally rejected and closed, the village or regional corporation may amend its selection application to include all of the land formerly in the Native allotment application, but is not required to do so to meet the requirements for compactness and contiguity.
