Subpart A—Recording Process

§ 3833.1 Why must I record mining claims and sites?

FLPMA requires you to record all mining claims and sites with BLM and the local recording office in order to maintain a mining claim or site under the General Mining Law.

(a) If you fail to record a mining claim or site with the BLM and the local recording office by the 90th day after the date of location, it is abandoned and void by operation of law.

(b) Recording a mining claim or site, filing any other documents with BLM, or paying fees or service charges, as this part requires, does not make a claim or site valid if it not otherwise valid under applicable law.

§ 3833.10 Procedures for recording mining claims and sites.

§ 3833.11 How do I record mining claims and sites?

(a) You must record in the proper BLM State Office a copy of the notice of certificate of location that you record or will record in the local recording office by the 90th day after the date of location. If there is no recording requirement under state law (as in Arkansas), you still must record a document with BLM and the local recording office that contains the information required by this part.

(b) Your notice or certificate of location must include:

(1) The name or number, or both, of the claim or site;
(2) The names and current mailing addresses of the locators of the claim;
(3) The type of claim or site;
(4) The date of location; and
(5) A complete description of the lands you have claimed as required in part 3832 of this chapter.

(c) When you record a notice or certificate of location, you must pay a processing fee, location fee, and initial maintenance fee as provided in § 3830.21 of this chapter.

(d) When you record a mining claim or site under this part, you still must comply with any other separate recording requirements existing under other Federal law. However, notices or certificates of location that you mark as being recorded under the Act of April 8, 1948, or the Act of August 11, 1955, satisfy the additional filing requirements of those Acts under subpart 3821 of this chapter.
Subpart B—Amending Mining Claims and Sites

§ 3833.20 Amending mining claims and sites.

§ 3833.21 When may I amend a notice or certificate of location?

(a) You may amend a notice or certificate of location if—

(1) BLM recognizes the original location as a properly recorded and maintained mining claim or site; and

(2) There are omissions or other defects in the original notice or certificate of location that you need to correct or clarify; or

(3) You need to correct the legal land description of the claim or site, the mining claim name, or accurately describe the position of discovery or boundary monuments or similar items; or

(4) You need to reposition the sidelines of your lode claim so that they are parallel to the discovered lode, ledge, or vein, if there are no intervening rights to the land; or

(5) You are reducing the size of the mining claim or site.

(b) You may not amend a notice or certificate of location to—

(1) Transfer any interest or add owners;

(2) Relocate or re-establish mining claims or sites you previously forfeited or BLM declared void for any reason;

(3) Change the type of claim or site; or

(4) Enlarge the size of the mining claim or site.

(c) You may not amend legal descriptions of mining claims or sites after the land is closed to mineral entry, unless—

(1) You are reducing the size of the mining claim or site;

(2) You need to correct or clarify defects or omissions in the original notice or certificate of location;

(3) You need to correct the legal land description of the claim or site, the mining claim name; or

(4) You need to submit an accurate description of the position of discovery or boundary monuments or similar items.

§ 3833.22 How do I amend my location?

(a) You must record an amended location certificate or notice with BLM within 90 days after you record the amended notice or certificate in the local recording office. BLM will not recognize any amendment to your mining claim until you file it properly.

(b) You must pay a processing fee for each claim or site you amend. See the table of fees and service charges in §3830.21 of this chapter.

(c) An amended location notice or certificate relates back to the original location date. The amendment takes effect when you record it with the local recording office under state law or such other time as provided by state law.

Subpart C—Filing Transfers of Interest

§ 3833.30 Filing transfers of interest in mining claims or sites.

§ 3833.31 What is a transfer of interest?

A transfer of interest is a sale, assignment, transfer through inheritance, or conveyance of total or partial ownership or legal interest in a mining claim or site.

§ 3833.32 How do I transfer a mining claim or site?

(a) State law governs transferring mining claims or sites. A transfer is effective in the manner and on the date provided by state law, not the date you file it with BLM.

(b) You must file in the BLM State Office a notice of the transfer that includes:

(1) The name and, if available, the serial number BLM assigned to the claim or site when the notice or certificate of location was originally recorded (the person who transferred you ownership or legal interest should have this number);

(2) Your name and current mailing address; and
