

(e) *Cost Overruns.* (1) During the execution of approved work a subgrantee may find that the actual project costs exceed the approved Project Worksheet estimates. Such cost overruns normally fall into the following three categories:

- (i) Variations in unit prices;
- (ii) Change in the scope of eligible work; or
- (iii) Delays in timely starts or completion of eligible work.

(2) The subgrantee must evaluate each cost overrun and, when justified, submit a request for additional funding through the Grantee to the Regional Administrator for a final determination. All requests for the Regional Administrator's approval will contain sufficient documentation to support the eligibility of all claimed work and costs. The Grantee must include a written recommendation when forwarding the request. The Regional Administrator will notify the Grantee in writing of the final determination. FEMA will not normally review an overrun for an individual small project. The normal procedure for small projects will be that when a subgrantee discovers a significant overrun related to the total final cost for all small projects, the subgrantee may submit an appeal for additional funding in accordance with § 206.206, within 60 days following the completion of all its small projects.

(f) *Progress reports.* Progress reports will be submitted by the Grantee to the Regional Administrator quarterly. The Regional Administrator and Grantee shall negotiate the date for submission of the first report. Such reports will describe the status of those projects on which a final payment of the Federal share has not been made to the grantee and outline any problems or circumstances expected to result in non-compliance with the approved grant conditions.

§ 206.205 Payment of claims.

(a) *Small Projects.* Final payment of the Federal share of these projects will be made to the Grantee upon approval of the Project Worksheet. The Grantee will make payment of the Federal

share to the subgrantee as soon as practicable after Federal approval of funding. Before the closeout of the disaster contract, the Grantee must certify that all such projects were completed in accordance with FEMA approvals and that the State contribution to the non-Federal share, as specified in the FEMA-State Agreement, has been paid to each subgrantee. Such certification is not required to specify the amount spent by a subgrantee on small projects. The Federal payment for small projects shall not be reduced if all of the approved funds are not spent to complete a project. However, failure to complete a project may require that the Federal payment be refunded.

(b) *Large projects.* (1) The Grantee shall make an accounting to the Regional Administrator of eligible costs for each approved large project. In submitting the accounting the Grantee shall certify that reported costs were incurred in the performance of eligible work, that the approved work was completed, that the project is in compliance with the provisions of the FEMA-State Agreement, and that payments for that project have been made in accordance with 44 CFR 13.21, Payments. Each large project shall be submitted as soon as practicable after the subgrantee has completed the approved work and requested payment.

(2) The Regional Administrator shall review the accounting to determine the eligible amount of reimbursement for each large project and approve eligible costs. If a discrepancy between reported costs and approved funding exists, the Regional Administrator may conduct field reviews to gather additional information. If discrepancies in the claim cannot be resolved through a field review, a Federal audit may be conducted. If the Regional Administrator determines that eligible costs exceed the initial approval, he/she will obligate additional funds as necessary.

§ 206.206 Appeals.

An eligible applicant, subgrantee, or grantee may appeal any determination

previously made related to an application for or the provision of Federal assistance according to the procedures below.

(a) *Format and Content.* The applicant or subgrantee will make the appeal in writing through the grantee to the Regional Administrator. The grantee shall review and evaluate all subgrantee appeals before submission to the Regional Administrator. The grantee may make grantee-related appeals to the Regional Administrator. The appeal shall contain documented justification supporting the appellant's position, specifying the monetary figure in dispute and the provisions in Federal law, regulation, or policy with which the appellant believes the initial action was inconsistent.

(b) *Levels of Appeal.* (1) The Regional Administrator will consider first appeals for public assistance-related decisions under subparts A through L of this part.

(2) The Assistant Administrator for the Disaster Assistance Directorate will consider appeals of the Regional Administrator's decision on any first appeal under paragraph (b)(1) of this section.

(c) *Time Limits.* (1) Appellants must file appeals within 60 days after receipt of a notice of the action that is being appealed.

(2) The grantee will review and forward appeals from an applicant or subgrantee, with a written recommendation, to the Regional Administrator within 60 days of receipt.

(3) Within 90 days following receipt of an appeal, the Regional Administrator (for first appeals) or Assistant Administrator for the Disaster Assistance Directorate (for second appeals) will notify the grantee in writing of the disposition of the appeal or of the need for additional information. A request by the Regional Administrator or Assistant Administrator for the Disaster Assistance Directorate for additional information will include a date by which the information must be provided. Within 90 days following the receipt of the requested additional information or following expiration of the period for providing the information, the Regional Administrator or Assistant Administrator for the Disaster Assistance

Directorate will notify the grantee in writing of the disposition of the appeal. If the decision is to grant the appeal, the Regional Administrator will take appropriate implementing action.

(d) *Technical Advice.* In appeals involving highly technical issues, the Regional Administrator or Assistant Administrator for the Disaster Assistance Directorate may, at his or her discretion, submit the appeal to an independent scientific or technical person or group having expertise in the subject matter of the appeal for advice or recommendation. The period for this technical review may be in addition to other allotted time periods. Within 90 days of receipt of the report, the Regional Administrator or Assistant Administrator for the Disaster Assistance Directorate will notify the grantee in writing of the disposition of the appeal.

(e) *Transition.* (1) This rule is effective for all appeals pending on and appeals from decisions issued on or after May 8, 1998, except as provided in paragraph (e)(2) of this section.

(2) Appeals pending from a decision of an Assistant Administrator for the Disaster Assistance Directorate before May 8, 1998 may be appealed to the Administrator in accordance with 44 CFR 206.440 as it existed before May 8, 1998 (44 CFR, revised as of October 1, 1997).

(3) The decision of the FEMA official at the next higher appeal level shall be the final administrative decision of FEMA.

§ 206.207 Administrative and audit requirements.

(a) *General.* Uniform administrative requirements which are set forth in 44 CFR part 13 apply to all disaster assistance grants and subgrants.

(b) *State administrative plan.* (1) The State shall develop a plan for the administration of the Public Assistance program that includes at a minimum, the items listed below:

(i) The designation of the State agency or agencies which will have the responsibility for program administration.

(ii) The identification of staffing functions in the Public Assistance program, the sources of staff to fill these
