

(2) Is appropriate to allow the maintenance of the economic viability of the vessel and any associated operating network; and

(3) Is necessary due to the lack of availability of other vessels and operators that comply with the requirements of the MSA 2003.

(c) *Telecommunications and Other Electronic Equipment.* The telecommunications and other electronic equipment on an existing vessel that is redocumented under the laws of the United States for operation under an MSP Operating Agreement shall be deemed to satisfy all Federal Communications Commission equipment certification requirements, if

(1) Such equipment complies with all applicable international agreements and associated guidelines as determined by the country in which the vessel was documented immediately before becoming documented under the laws of the United States;

(2) That country has not been identified by the Secretary as inadequately enforcing international regulations as to that vessel; and

(3) At the end of its useful life, such equipment will be replaced with equipment that meets Federal Communications Commission equipment certification standards (*see* 47 CFR Chapter I).

§ 296.12 Applicants.

Applicant. Owners or operators of an eligible vessel may apply to MARAD for inclusion of that vessel in the MSP Fleet pursuant to the provisions of the MSA 2003. Applications shall be addressed to the Secretary, Maritime Administration, Room 7218, Maritime Administration, U.S. Department of Transportation, 400 Seventh Street, SW., Washington, DC 20590.

Subpart C—Priority for Granting Applications

§ 296.20 Tank vessels.

(a) First priority for the award of MSP Operating Agreements under MSA 2003 shall be granted to a tank vessel

that is constructed in the United States after October 1, 2004.

(b) First priority for the award of MSP Operating Agreements under the MSA 2003 may be granted to a tank vessel that is less than ten years of age on the date it enters an MSP Operating Agreement:

(1) *Provided:* (i) That the Contractor agrees to execute a binding agreement approved by the Secretary for a replacement vessel to be operated under the MSP Operating Agreement and to be built in the United States not later than nine months after the first date appropriated funds are available for construction and operating assistance for a minimum of three tank vessels;

(ii) A tank vessel under this section is eligible to be included in the MSP under § 296.11(a); and

(iii) A tank vessel under this section is owned and operated during the period of the MSP Operating Agreement by one or more persons that are Section 2 Citizens;

(2) No payment can be made for an existing tank vessel granted priority one status after the earlier of:

(i) Four years following the date this MSP Operating Agreement is effective, except if amounts are available for construction of a minimum of three tank vessels under the National Defense Tank Vessel Construction Assistance Program (NDTVCP) by October 1, 2007, then no payments shall be made for the existing “tank vessel” after four years following the date such amounts are available; or

(ii) The date of delivery of the replacement tank vessel constructed in the United States after October 1, 2004.

(3) The Secretary will not enter into more than five MSP Operating Agreements for tank vessels under this priority. If the five tank vessel MSP Operating Agreement slots are not fully subscribed, the Secretary, in consultation with the SecDef, may award the non-subscribed slots to lower priority vessels, if deemed appropriate. If the Secretary determines that no funds are, or are likely to be, allocated for any tank vessel construction in the United States, the five slots may nevertheless be awarded to existing tank vessels or the slots may be awarded permanently to any eligible vessels.

§ 296.21

46 CFR Ch. II (10–1–11 Edition)

The Secretary may temporarily award a slot reserved for a tank vessel under construction to a lower priority vessel during the construction period of that vessel if an existing tank vessel offered by the tank vessel Contractor is not eligible for priority for that slot. If no existing tank vessel is offered by the tank vessel Contractor, the Secretary may temporarily award an MSP Operating Agreement to any eligible vessel of another Contractor until a new tank vessel's construction is completed in the United States. Such temporary MSP Operating Agreements may be terminated under terms set forth in the temporary MSP Operating Agreement.

§ 296.21 Participating Fleet Vessels.

(a) *Priority.* To the extent that appropriated funds are available after applying the first priority, tank vessels, in § 296.20, the second priority is applicable to Participating Fleet Vessels.

(b) *Number of MSP Operating Agreements.* MARAD will not enter into more than 47 MSP Operating Agreements for Participating Fleet Vessels.

(c) *Reduction of Participating Fleet Vessel MSP Operating Agreements.* The number of MSP Operating Agreements available to Participating Fleet Vessels shall be reduced by one for:

(1) Each Participating Fleet Vessel for which an application for enrollment in the MSP is not received by the Secretary, Maritime Administration on October 15, 2004; or

(2) Each Participating Fleet Vessel for which an application for enrollment in the MSP is received by the Secretary, Maritime Administration on October 15, 2004, but the application is not approved by the Secretary of Transportation and the SecDef by January 12, 2005.

(d) *Authority to Enter into an MSP Operating Agreement.* (1) Applications for inclusion of a Participating Fleet Vessel under the priority in paragraph (a) of this section will be accepted only from a person that has authority to enter into an MSP Operating Agreement for the vessel with respect to the full term of the MSP Operating Agreement. Applicants must certify that they have the requisite authority as of October 1, 2005 and for the full period of

the MSP Operating Agreement thereafter and provide the basis on which they rely for such certification, such as a copy of a vessel title of ownership or a demise charter that remains in effect until September 30, 2015.

(2) The full term of the MSP Operating Agreement is the period from October 1, 2005 through September 30, 2015. If a vessel proposed to be included in the MSP will become ineligible for the program prior to September 30, 2015, due to vessel age restrictions, then the full term of the MSP Operating Agreement for that vessel for purposes of paragraph (d)(1) of this section is the period the vessel meets the applicable age restrictions. MARAD may still award an MSP Operating Agreement through September 30, 2015, to an applicant having authority to enter into an MSP Operating Agreement for a vessel whose age eligibility expires before that date. For companies requesting an age waiver, the Applicant must submit an appropriate replacement vessel at least 120 days prior to the date of expiration of age eligibility.

(3) For the purposes of paragraph (d)(1) of this section, in the case of a vessel that is subject to a demise charter that terminates by its terms on September 30, 2005 (without giving effect to any extension provided therein for completion of a voyage or to effect the actual redelivery of the vessel), or that is terminable at will by the owner of the vessel after such date, only the owner of the vessel (provided the owner of the vessel is a "person" as defined in § 296.2) shall be treated as having the authority referred to in paragraph (d)(1) of this section.

(4) If two or more applicants claim authority for the same vessel, the Secretary may request additional information bearing on the issue of which party has authority to enter into an MSP Operating Agreement, and the Secretary shall, in his/her sole discretion, decide the matter as he/she deems appropriate.

(e) During the 30-month period commencing October 1, 2005, the age restrictions set forth under § 296.11(a) and § 296.41(c) do not apply to a Participating Fleet Vessel operating under an MSP Operating Agreement, provided:
