§ 51.333 Notice of network changes: Short term notice, objections there to and objections to retirement of copper loops or copper subloops.

(a) Certificate of service. If an incumbent LEC wishes to provide less than six months notice of planned network changes, the public notice or certification that it files with the Commission must include a certificate of service in addition to the information required by §51.327(a) or §51.329(a)(2), as applicable. The certificate of service shall include:

(1) A statement that, at least five business days in advance of its filing with the Commission, the incumbent LEC served a copy of its public notice upon each telephone exchange service provider that directly interconnects with the incumbent LEC’s network; and

(2) The name and address of each such telephone exchange service provider upon which the notice was served.

(b) Implementation date. The Commission will release a public notice of filings of such short term notices or notices of replacement of copper loops or copper subloops with fiber-to-the-home loops or fiber-to-the-curb loops. The effective date of the network changes referenced in those filings shall be subject to the following requirements:

(1) Short term notice. Short term notices shall be deemed final on the tenth business day after the release of the Commission’s public notice, unless an objection is filed pursuant to paragraph (c) of this section.

(2) Replacement of copper loops or copper subloops with fiber-to-the-home loops or fiber-to-the-curb loops. Notices of replacement of copper loops or copper subloops with fiber-to-the-home loops or fiber-to-the-curb loops shall be deemed approved on the 90th day after the release of the Commission’s public notice of the filing, unless an objection is filed pursuant to paragraph (c) of this section. Incumbent LEC notice of intent to retire any copper loops or copper subloops and replace such loops or subloops with fiber-to-the-home loops or fiber-to-the-curb loops shall be subject to the short term notice provisions of this section, but under no circumstances may an incumbent LEC provide less than 90 days notice of such a change.

(c) Objection procedures for short term notice and notices of replacement of copper loops or copper subloops. An objection to an incumbent LEC’s short term notice or to its notice that it intends to retire copper loops or copper subloops with fiber-to-the-home loops or fiber-to-the-curb loops may be filed by an information service provider or telecommunications service provider that directly interconnects with the incumbent LEC’s network. Such objections must be filed with the Commission, and served on the incumbent LEC, no later than the ninth business
Federal Communications Commission

§ 51.335 Notice of network changes: Confidential or proprietary information.

(a) If an incumbent LEC claims that information otherwise required to be disclosed is confidential or proprietary, the incumbent LEC's public notice...
