§ 64.1900  Nondominant interexchange carrier certifications regarding geographic rate averaging and rate integration requirements.

(a) A nondominant provider of interexchange telecommunications services, which provides detariffed interstate, domestic, interexchange services, shall file with the Commission, on an annual basis, a certification that it is providing such services in compliance with its geographic rate averaging and rate integration obligations pursuant to section 254(g) of the Communications Act of 1934, as amended.

(b) The certification filed pursuant to paragraph (a) of this section shall be signed by an officer of the company under oath.
