Defense Acquisition Regulations System, DOD 227.7104

227.7103–16 Providing technical data to foreign governments, foreign contractors, or international organizations.

Technical data may be released or disclosed to foreign governments, foreign contractors, or international organizations only if release or disclosure is otherwise permitted both by Federal export controls and other national security laws or regulations. Subject to such laws and regulations, the Department of Defense—

(a) May release or disclose technical data in which it has obtained unlimited rights to such foreign entities or authorize the use of such data by those entities; and

(b) Shall not release or disclose technical data for which restrictions on use, release, or disclosure have been asserted to foreign entities, or authorize the use of technical data by those entities, unless the intended recipient is subject to the same provisions as included in the use and non-disclosure agreement at 227.7103–7 and the requirements of the clause at 252.227–7103, Rights in Technical Data—Noncommercial Items, governing use, modification, reproduction, release, performance, display, or disclosure of such data have been satisfied.

227.7103–17 Overseas contracts with foreign sources.

(a) The clause at 252.227–7032, Rights in Technical Data and Computer Software (Foreign), may be used in contracts with foreign contractors to be performed overseas, except Canadian purchases (see paragraph (c) of this subsection), in lieu of the clause at 252.227–7013, Rights in Technical Data—Noncommercial Items, when the Government requires the unrestricted right to use, modify, reproduce, perform, display, release or disclose all technical data to be delivered under the contract. Do not use the clause in contracts for existing or special works.

(b) When the Government does not require unlimited rights, the clause at 252.227–7032 may be modified to accommodate the needs of a specific overseas procurement situation. The Government should obtain rights in the technical data that are not less than the rights the Government would have obtained under the data rights clause(s) prescribed in this part for a comparable procurement performed within the United States or its outlying areas.

(c) Contracts for Canadian purchases shall include the appropriate data rights clause prescribed in this part for a comparable procurement performed within the United States or its outlying areas.

227.7104 Contracts under the Small Business Innovation Research (SBIR) Program.

(a) Use the clause at 252.227–7018, Rights in Noncommercial Technical Data and Computer Software—Small Business Innovation Research (SBIR) Program, when technical data or computer software will be generated during performance of contracts under the SBIR program.

(b) Under the clause at 252.227–7018, the Government obtains a royalty-free license to use technical data marked with an SBIR data rights legend only for government purposes during the period commencing with contract award and ending five years after completion of the project under which the data were generated. Upon expiration of the five-year restrictive license, the Government has unlimited rights in the SBIR data. During the license period, the Government may not release or disclose SBIR data to any person other than its support services contractors except—

(1) For evaluational purposes;

(2) As expressly permitted by the contractor; or

(3) A use, release, or disclosure that is necessary for emergency repair or overhaul of items operated by the Government.

(c) Do not make any release or disclosure permitted by paragraph (b) of this section unless, prior to release or disclosure, the intended recipient is subject to the use and nondisclosure agreement at 227.7103–7.

(d) Use the clause at 252.227–7018 with its Alternate I in research contracts when the contracting officer determines, in consultation with counsel, that public dissemination by the contractor would be—
