246.708 Warranties of data.

Obtain warranties on technical data when practicable and cost effective. Consider the factors in FAR 46.703 in deciding whether to obtain warranties of technical data. Consider the following in deciding whether to use extended liability provisions—

(1) The likelihood that correction or replacement of the nonconforming data, or a price adjustment, will not give adequate protection to the Government; and

(2) The effectiveness of the additional remedy as a deterrent against furnishing nonconforming data.

246.710 Solicitation provision and contract clauses.

(1) Use a clause substantially the same as the clause at 252.246–7001, Warranty of Data, in solicitations and contracts that include the clause at 252.227–7013, Rights in Technical Data and Computer Software, when there is a need for greater protection or period of liability than provided by the inspection and warranty clauses prescribed in FAR Part 46.

(2) Use the clause at 252.246–7001, Warranty of Data, with its Alternate I when extended liability is desired and a fixed price incentive contract is contemplated.

(3) Use the clause at 252.246–7001, Warranty of Data, with its Alternate II
when extended liability is desired and a firm fixed price contract is contemplated.

(4) Use the clause at 252.246–7002, Warranty of Construction (Germany), instead of the clause at FAR 52.246–21, Warranty of Construction, in solicitations and contracts for construction when a fixed-price contract will be awarded and contract performance will be in Germany.

(5)(i) In addition to 252.211–7003, Item Identification and Valuation, which is prescribed in 211.274–6(a), use the following provision and clause in solicitations and contracts when it is anticipated that the resulting contract will include a warranty for serialized items:

(A) 252.246–7005, Notice of Warranty Tracking of Serialized Items (include only if offerors will be required to enter data with the offer); and

(B) 252.246–7006, Warranty Tracking of Serialized Items.

(ii) If the Government specifies a warranty, include 252.246–7005 in the solicitation, and the warranty attachment from DFARS 246.710–70. The contractor may offer a warranty and shall then populate Attachment ___, Warranty Tracking Information, as appropriate, as part of its offer as required by 252.246–7005.

(iv) All warranty tracking information that is indicated with a single asterisk (*) in Attachment ___, Warranty Tracking Information, shall be completed prior to award. Data indicated with two asterisks (**) may be completed at the time of award. Data indicated with three asterisks (***) may be completed at or after the time of award.

(v) The contractor shall provide warranty repair source instructions (as prescribed in the attachment) no later than the time of delivery.

246.710–70 **Warranty attachment.**

This is the prescribed attachment and format required and referenced in the provision at 252.246–7005, Notice of Warranty Tracking of Serialized Items, and the clause at 252.246–7006, Warranty Tracking of Serialized Items. The contracting officer shall number the attachment upon issuance of the solicitation and include the solicitation or contract number.
