§ 585.102 Applicability.

This part applies to manufacturers of passenger cars, and of trucks, buses and multipurpose passenger vehicles with a GVWR of 4,536 kg (10,000 lb) or less. However, this subpart does not apply to vehicles excluded by Standard No. 226 (49 CFR 571.226) from the requirements of that standard. This subpart does not apply to manufacturers whose production consists exclusively of vehicles manufactured in two or more stages, to manufacturers whose production of motor vehicles for the United States market is less than 5,000 vehicles in a production year, and to limited line manufacturers.

§ 585.103 Definitions.

(a) All terms defined in 49 U.S.C. 30102 are used in their statutory meaning.

(b) Bus, gross vehicle weight rating or GVWR, multipurpose passenger vehicle, passenger car, and truck are used as defined in §571.3 of this chapter.

(c) Production year means the 12-month period between September 1 of one year and August 31 of the following year, inclusive.

(d) Limited line manufacturer means a manufacturer that sells three or fewer carlines, as that term is defined in 49 CFR 583.4, in the United States during a production year.

§ 585.104 Response to inquiries.

At anytime during the production years ending August 31, 2014, August 31, 2015, August 31, 2016, and August 31, 2017, each manufacturer shall, upon request from the Office of Vehicle Safety Compliance, provide information identifying the vehicles (by make, model and vehicle identification number) that have been certified as complying with the ejection mitigation requirements of Standard No. 226, Ejection Mitigation (49 CFR 571.226). The manufacturer’s designation of a vehicle as a certified vehicle is irrevocable.

§ 585.105 Reporting requirements.

(a) Advanced credit phase-in reporting requirements. Within 60 days after the end of the production years ending August 31, 2011, through August 31, 2017, each manufacturer certifying vehicles manufactured during any of those production years as complying with the ejection mitigation requirements of Standard No. 226 (49 CFR 571.226) shall submit a report to the National Highway Traffic Safety Administration providing the information specified in paragraph (c) of this section and in §585.2 of this part.

(b) Phase-in reporting requirements. Within 60 days after the end of each of the production years ending August 31, 2014, through August 31, 2017, each manufacturer shall submit a report to the National Highway Traffic Safety Administration concerning its compliance with the ejection mitigation requirements of Standard No. 226 (49 CFR 571.226) for its vehicles produced in that year. Each report shall provide the information specified in paragraph (d) of this section and in §585.2 of this part.

(c) Advanced credit phase-in report content—(1) Production of complying vehicles. With respect to the reports identified in §585.105(a), each manufacturer shall report for the production year for which the report is filed the number of vehicles, by make and model year, that are certified as meeting the ejection mitigation requirements of Standard No. 226 (49 CFR 571.226).

(d) Phase-in report content—(1) Basis for phase-in production goals. Each manufacturer shall provide the number of passenger cars, multipurpose passenger vehicles, trucks, and buses, with a gross vehicle weight rating of 4,536 kilograms (10,000 pounds) or less, manufactured in the current production year, or, at the manufacturer’s option, in each of the three previous production years. A new manufacturer that is, for the first time, manufacturing these vehicles for sale in the United States must report the number of these vehicles manufactured during the current production year.

(2) Production of complying vehicles. Each manufacturer shall report for the production year being reported on information on the number of passenger cars, multipurpose passenger vehicles,
trucks, and buses, with a gross vehicle weight rating of 4,536 kilograms (10,000 pounds) or less that meet the ejection mitigation requirements of Standard No. 226 (49 CFR 571.226). The manufacturer shall report the vehicles produced during the preceding years for which the manufacturer is claiming credits as having been produced during the production year being reported on.

§ 585.106 Records.

Each manufacturer shall maintain records of the Vehicle Identification Number for each vehicle for which information is reported under §585.105 until December 31, 2020.

Subpart L—Roof Crush Resistance Phase-in Reporting Requirements

SOURCE: 74 FR 22387, May 12, 2009, unless otherwise noted.

§ 585.111 Scope.

This subpart establishes requirements for manufacturers of passenger cars, multipurpose passenger vehicles, trucks, and buses with a gross vehicle weight rating of 2,722 kilograms (6,000 pounds) or less to submit a report, and maintain records related to the report, concerning the number of such vehicles that meet the requirements of Standard No. 216a; Roof crush resistance; Upgraded standard (49 CFR 571.216a).

§ 585.112 Purpose.

The purpose of these reporting requirements is to assist the National Highway Traffic Safety Administration in determining whether a manufacturer has complied with Standard No. 216a (49 CFR 571.216a).

§ 585.113 Applicability.

This subpart applies to manufacturers of passenger cars, multipurpose passenger vehicles, trucks, and buses with a gross vehicle weight rating of 2,722 kilograms (6,000 pounds) or less. However, this subpart does not apply to manufacturers whose production consists exclusively of vehicles manufactured in two or more stages, and vehicles that are altered after previously having been certified in accordance with part 567 of this chapter. In addition, this subpart does not apply to manufacturers whose production of motor vehicles for the United States market is less than 5,000 vehicles in a production year.

§ 585.114 Definitions.

For the purposes of this subpart:
Production year means the 12-month period between September 1 of one year and August 31 of the following year, inclusive.

§ 585.115 Response to inquiries.

At any time prior to August 31, 2018, each manufacturer must, upon request from the Office of Vehicle Safety Compliance, provide information identifying the vehicles (by make, model, and vehicle identification number) that have been certified as complying with Standard No. 216a (49 CFR 571.216a). The manufacturer’s designation of a vehicle as a certified vehicle is irrevocable. Upon request, the manufacturer also must specify whether it intends to utilize carry-forward credits, and the vehicles to which those credits relate.

§ 585.116 Reporting requirements.

(a) General reporting requirements. Within 60 days after the end of the production years ending August 31, 2013, August 31, 2014, and August 31, 2015, each manufacturer must submit a report to the National Highway Traffic Safety Administration concerning its compliance with Standard No. 216a (49 CFR 571.216a) for its passenger cars, multipurpose passenger vehicles, trucks, and buses with a gross vehicle weight rating of less than 2,722 kilograms (6,000 pounds) produced in that year. Each report must—

(1) Identify the manufacturer;

(2) State the full name, title, and address of the official responsible for preparing the report;

(3) Identify the production year being reported on;

(4) Contain a statement regarding whether or not the manufacturer complied with the requirements of Standard No. 216a (49 CFR 571.216a) for the period covered by the report and the basis for that statement;

(5) Provide the information specified in paragraph (b) of this section;
