

§ 1150.24

(ii) The names and addresses of all of its officers and directors and a statement indicating any present affiliation each may have with a rail carrier; and

(iii) Sufficient information to establish the financial responsibility of the operator.

(2) Information about the prior abandonment, including docket number, status and date of the first decision approving the abandonment.

(3) The exact dates of the period of operation which have been agreed upon by the operator and the State which owns the line (if there is any agreement, it should be provided);

(4) A description of the service to be performed including, where applicable, a description of:

Subpart D—Exempt Transactions Under 49 U.S.C. 10901

SOURCE: 51 FR 2504, Jan. 17, 1986, unless otherwise noted.

§ 1150.31 Scope of exemption.

(a) Except as indicated below, this exemption applies to all acquisitions and operations under section 10901 (*See* 1150.1, *supra*). This exemption also includes:

(1) Acquisition by a noncarrier of rail property that would be operated by a third party;

(2) Operation by a new carrier of rail property acquired by a third party;

(3) A change in operators on the line; and

(4) Acquisition of incidental trackage rights. Incidental trackage rights include the grant of trackage rights by the seller, or the assignment of trackage rights to operate over the line of a third party that occur at the time of the exempt acquisition or operation. This exemption does not apply when a class I railroad abandons a line and another class I railroad then acquires the line in a proposal that would result in a major market extension as defined at § 1180.3(c).

(b) Other exemptions that may be relevant to a proposal under this subpart are the exemption for control at § 1180.2(d)(1) and (2), and the from securities regulation at 49 CFR part 1175.

§ 1150.32 Procedures and relevant dates—transactions that involve creation of Class III carriers.

(a) To qualify for this exemption, applicant must file a verified notice providing details about the transaction, and a brief caption summary, conforming to the format in § 1150.34, for publication in the FEDERAL REGISTER.

(b) The exemption will be effective 30 days after the notice is filed. The

Board, through the Director of the Office of Proceedings, will publish a notice in the FEDERAL REGISTER within 16 days of the filing. A change in operators would follow the provisions at §1150.34, and notice must be given to shippers.

(c) If the notice contains false or misleading information, the exemption is void *ab initio*. A petition to revoke under 49 U.S.C. 10502(d) does not automatically stay the exemption. Stay petitions must be filed at least 7 days before the exemption becomes effective.

(d) Applicant must preserve intact all sites and structures more than 50 years old until compliance with the requirements of Section 106 of the National Historic Preservation Act, 16 U.S.C. 470 is achieved.

(e) If the projected annual revenue of the carrier to be created by a transaction under this exemption exceeds \$5 million, applicant must, at least 60 days before the exemption becomes effective, post a notice of intent to undertake the proposed transaction at the workplace of the employees on the affected line(s) and serve a copy of the notice on the national offices of the labor unions with employees on the affected line(s), setting forth the types and numbers of jobs expected to be available, the terms of employment and principles of employee selection, and the lines that are to be transferred, and certify to the Board that it has done so.

(f) A map that clearly indicates the area to be served, including origins, termini, stations, cities, counties, and States; and

(g) A certificate that applicant's projected revenues do not exceed those that would qualify it as a Class III carrier.

(h) *Transactions imposing interchange commitments.* (1) If a proposed acquisition or operation of a rail line or change of operators involves a provision or agreement that may limit future interchange with a third-party connecting carrier, whether by outright prohibition, per-car penalty, adjustment in the purchase price or rental, positive economic inducement, or other means ("interchange commitment"), the following additional information must be provided:

(2) To obtain information about an interchange commitment for use in a proceeding before the Board, a shipper or other affected party may be granted access to the confidential documents filed pursuant to paragraph (h)(1) of this section by filing, and serving upon the petitioner, a "Motion for Access to Confidential Documents," containing:

(i) An explanation of the party's need for the information; and

(ii) An appropriate draft protective order and confidentiality undertaking(s) that will ensure that the documents are kept confidential.
