(4) Spouse, excluding a spouse independently entitled to and receiving a similar allowance.

Johnston Island, also called Johnston Atoll, is a possession of the United States located 717 nautical miles southwest of Honolulu, Hawaii.

Separate maintenance allowance means an allowance to assist an employee assigned to Johnston Island who is compelled by reason of dangerous, notably unhealthful, or excessively adverse living conditions at Johnston Island, or for the convenience of the Government, to meet the additional expense of maintaining family members at a location other than Johnston Island.

[61 FR 27244, May 31, 1996]

§ 591.403 Amount of payment.

(a) The annual rate of the separate maintenance allowance paid to an employee shall be determined by the number of individuals, including a spouse and/or one or more other family members, that are maintained at a location other than Johnston Island.

(b) The annual rates for the separate maintenance allowance paid to employees assigned to Johnston Island shall be the same as the annual rates for the separate maintenance allowance established by the Department of State in its *Standardized Regulations (Government Civilians, Foreign Areas)*. The annual rates shall not vary by location of the separate household.

(c) The annual rates of the separate maintenance allowance shall be adjusted on the first day of the first pay period beginning on or after July 1, 1996 and, subsequently, on the first day of the first pay period beginning on or after the effective date established for adjustment of annual rates for the separate maintenance allowance in the *Standardized Regulations (Government Civilians, Foreign Areas)*.

[61 FR 27244, May 31, 1996]

§ 591.404 Method of payment.

(a) Separate maintenance allowance rates are paid from the employee's date of arrival at Johnston Island to the

employee's date of departure from Johnston Island. No deductions are necessary for details away from Johnston Island or for partial days. The separate maintenance allowance shall be computed and paid at daily rates as follows:

(1) Divide the annual rate of payment by the number of days in the applicable calendar year to obtain a daily rate (counting one half-cent and over as a whole cent);

(2) Multiply the daily rate by 14 to obtain a biweekly rate; and

(3) Multiply the daily rate by the number of days involved to obtain the rate for any period.

(b) A separate maintenance allowance is not part of an employee's rate of basic pay for any purpose.

(c) The rate for any pay period shall be computed at the daily rate applicable on the first day of that pay period.

§ 591.405 Responsibilities of agencies.

Agencies with employees stationed at Johnston Island may require reasonable verification of relationship and dependency.

[61 FR 27244, May 31, 1996]

§ 591.406 Records and reports.

So that the Office of Personnel Management can evaluate agencies' use of this authority and provide the Congress and others with information regarding the use of a nonforeign separate maintenance allowance, each agency shall maintain such records and submit to the Office of Personnel Management reports and data as requested.

AUTHORITY: 5 U.S.C. 5948; E.O. 12109, 44 FR 1067, Jan. 3, 1979.

SOURCE: 44 FR 40876, July 13, 1979, unless otherwise noted.

§ 595.101 Purpose.

Section 5948 of title 5, United States Code, authorizes the payment of allowances to certain eligible Federal physicians who enter into service agreements with their agencies. These allowances are paid only to categories of physicians for which the agency is experiencing recruitment and retention problems and are fixed at the minimum amounts necessary to deal with such problems. The President has delegated regulatory responsibility for this program to the Director of OPM, acting in consultation with the Office of Management and Budget. This part contains the regulations, criteria and conditions which the Director of OPM, in consultation with the Director of the Office of Management and Budget, has prescribed for the administration of the physicians' comparability allowance program. This part supplements and implements 5 U.S.C. 5948 and should be read together with that section of law.

[69 FR 27817, May 17, 2004]

§ 595.102 Who is covered by this program?

(a) This program covers individuals employed as physicians under the Federal pay systems listed in 5 U.S.C. 5948(g)(1), except as provided in 5 U.S.C. 5948(b). For the purposes of this part, an individual is *employed as a physician* only if he or she is serving in a position the duties and responsibilities of which could not be satisfactorily performed by an incumbent who is not a physician.

(b) Section 5948(b) of title 5, United States Code, prohibits the payment of physicians' comparability allowances to certain physicians, including physicians who are reemployed annuitants. For the purpose of applying this prohibition, *reemployed annuitant* means an individual who is receiving or has title to and has applied for an annuity under any retirement program of the Govern-

ment of the United States, or the government of the District of Columbia, on the basis of service as a civilian employee.

(c) Physicians employed and paid under title 38, United States Code, and Commissioned Corps officers of the Public Health Service under title 42, United States Code, are not eligible for physicians' comparability allowances.

[44 FR 40876, July 13, 1979, as amended at 58 FR 65537, Dec. 15, 1993; 64 FR 72458, Dec. 28, 1999; 69 FR 27817, May 17, 2004]

§ 595.103 What requirements must agencies establish for determining which physician positions are covered?

(a) The head of each agency must determine categories of physician positions for which there is a significant recruitment and retention problem, and physicians' comparability allowances may be paid only to physicians serving in positions in such categories.

(b) In determining categories of physician positions, the head of each agency must, as a minimum, establish as separate categories the following types of positions:

(1) Positions primarily involving the practice of medicine or direct service to patients, involving the performance of diagnostic, preventive, or therapeutic services to patients in hospitals, clinics, public health programs, diagnostic centers, and similar settings, but not including positions described in paragraph (b)(3) of this section;

(2) Positions primarily involving the conduct of medical research and experimental work, including the conduct of medical work pertaining to food, drugs, cosmetics, and devices (or the review or evaluation of such medical research and experimental work), or the identification of causes or sources of disease or disease outbreaks;

(3) Positions primarily involving the evaluation of physical fitness, or the provision of initial treatment of on-the-job illness or injury, or the performance of preemployment examinations, preventive health screenings, or fitness-for-duty examinations; and

(4) Positions not described by paragraph (b) (1), (2), or (3) of this section, including positions involving disability evaluation and rating, the performance

of medicolegal autopsies, training activities, or the administration of medical and health programs, including the administration of patient care or medical research and experimental programs.

(c) The agency head may establish as separate categories any additional subdivisions of these four categories of positions, based on any factors the agency head determines relevant. These may include such factors as the location, grade or level, and medical specialization of the positions, and the level of qualifications sought by the agency for physicians in the category.

[44 FR 40876, July 13, 1979, as amended at 69 FR 27817, May 17, 2004]

§ 595.104 What criteria are used to identify a recruitment and retention problem?

The head of each agency may determine that a significant recruitment and retention problem exists for each category of physician position established under § 595.103 only if the following conditions are met with respect to the category:

(a) Such evidence as vacant positions, an unacceptably high turnover rate, or other positive evidence indicates that the agency is unable to recruit and retain physicians for the category;

(b) The qualification requirements being used as a basis for considering candidates for the vacant positions in the category do not exceed the qualifications that are actually necessary for successful performance of the work of the positions in the category;

(c) The agency has made efforts to recruit qualified candidates for any vacant positions in the category and to retain physicians presently employed in positions in the category; and

(d) A sufficient number of qualified candidates is not available to fill the existing vacancies in the category at the rate of pay the agency may offer if no comparability allowance is paid.

[44 FR 40876, July 13, 1979, as amended at 69 FR 27817, May 17, 2004]

§ 595.105 What criteria must be used to determine the amount of a physicians' comparability allowance?

(a) The amount of the comparability allowance payable for each category of physician positions established under § 595.103 must be the minimum amount necessary to deal with the recruitment and retention problem identified under § 595.104 for that category of positions. In determining this amount, the agency head must consider the relative earnings, responsibilities, expenses, workload, working conditions, conditions of employment, and personnel benefits for physicians in each category and for comparable physicians inside and outside the Federal Government.

(b) Agencies may not pay a physicians' comparability allowance in excess of \$14,000 annually to a physician with 24 months or less of service as a Government physician. Agencies may not pay a physicians' comparability allowance in excess of \$30,000 annually to a physician with more than 24 months of service as a Government physician.

(c) In determining length of service as a Government physician, agencies must exclude periods of leave without pay. However, agencies may credit any prior service as a Government physician, including—

(1) Prior service as a physician under sections 7401 and 7405 of title 38, United States Code; and

(2) Prior active service as a medical officer in the Commissioned Corps of the Public Health Service under title II of the Public Health Service Act (42 U.S.C. chapter 6A).

(d) A physician who is employed on a regularly scheduled part-time basis of half-time or more is eligible to receive a physicians' comparability allowance, but any such allowance must be prorated according to the proportion of the physicians' work schedule to full-time employment. A physician who is employed on less than a half-time or intermittent basis is excluded from the physicians' comparability allowance program.

(e) A physician who is serving with the Government under a loan repayment program must have the amount of any loan being repaid deducted from

§ 595.106

any physicians' comparability allowance for which he or she is eligible and may receive only that portion of such allowance which exceeds the amount of the loan being repaid during the period of employment required by the service agreement under the student loan repayment program.

[44 FR 40876, July 13, 1979, as amended at 53 FR 8141, Mar. 14, 1988, and 53 FR 24011, June 27, 1988; 64 FR 72458, Dec. 28, 1999; 69 FR 27817, May 17, 2004]

§ 595.106 What termination and refund provisions are required?

Each service agreement entered into by an agency and a physician under the comparability allowance program must prescribe the terms under which the agreement may be terminated and the amount of allowance, if any, required to be refunded by the physician for each reason for termination. In the case of each service agreement covering a period of service of more than 1 year, the service agreement must include a provision that, if the physician completes more than 1 year of service pursuant to the agreement, but fails to complete the full period of service specified in the agreement either voluntarily or because of misconduct by the physician, the physician must refund the amount of allowance he or she has received under the agreement for the 26 weeks of service immediately preceding the termination (or for a longer period, if specified in the agreement).

[69 FR 27818, May 17, 2004]

§ 595.107 What are the requirements for implementing a physicians' comparability allowance program?

(a) An agency may not enter into any service agreement under 5 U.S.C. 5948 until the agency's plan for implementing the physicians' comparability allowance program has been submitted to and approved by the Office of Management and Budget in accordance with this section and such instructions as the Office of Management and Budget may prescribe.

(b) The agency must submit to the Office of Management and Budget a complete description of its plan for implementing the physicians' com-

parability allowance program, including the following:

(1) An identification of the categories of physician positions the agency has established under § 595.103, and of the basis for such categories;

(2) An explanation of the determination that a recruitment and retention problem exists for each such category, in accordance with the criteria in § 595.104; and

(3) An explanation of the basis for the amount of comparability allowance determined necessary for each category of physician position under § 595.105.

(c) The Office of Management and Budget (OMB) will review each agency's plan for implementing the physicians' comparability allowance program and determine whether the plan is consistent with 5 U.S.C. 5948 and the requirements of this part. The Office of Management and Budget will advise the agency within 45 calendar days after receipt of the plan as to whether the plan is consistent with 5 U.S.C. 5948 and this part or what changes need to be made.
