§ 635.22 Recreational retention limits.

(a) General. (1) Atlantic HMS caught, possessed, retained, or landed under these recreational limits may not be sold or transferred to any person for a commercial purpose. Recreational retention limits apply to a longbill spearfish taken or possessed shoreward of the outer boundary of the Atlantic EEZ, to a shark taken from or possessed in the Atlantic Ocean including the Gulf of Mexico and Caribbean Sea, to a North Atlantic swordfish taken from or possessed in the Atlantic Ocean, and to bluefin and yellowfin tuna taken from or possessed in the Atlantic Ocean. The operator of a vessel for which a retention limit applies is responsible for the vessel retention limit and for the cumulative retention limit based on the number of persons aboard. Federal recreational retention limits may not be combined with any recreational retention limit applicable in state waters.

(2) Vessels issued an HMS General Category permit under §635.4(d) that are participating in a HMS registered tournament, vessels issued a HMS Angling category permit under §635.4(c), or vessels issued a HMS Charter/Headboat permit under §635.4(b) may not retain, possess or land oceanic whitetip sharks or scalloped, smooth, or great hammerhead sharks if swordfish, tuna, or billfish are retained or possessed on board, or offloaded from, the vessel. Such vessels also may not retain, possess or land swordfish, tuna, or billfish if oceanic whitetip sharks, or scalloped, smooth, or great hammerhead sharks are retained or possessed on board, or offloaded from, the vessel.

(b) Billfish. No longbill spearfish from the management unit may be taken, retained, or possessed shoreward of the outer boundary of the EEZ.

The retention limit can change depending on the species being caught and the size limit under which they are being caught as specified under §635.20(e). If a commercial Atlantic shark quota is closed under §635.28, the recreational retention limit for sharks and no sale provision in paragraph (a) of this section may be applied to persons aboard a vessel issued a Federal Atlantic commercial shark vessel permit under §635.4, only if that vessel has also been issued an HMS Charter/Headboat permit issued under §635.4.

The recreational retention limit for yellowfin tuna applies to a person who fishes in any manner, except to a person aboard a vessel issued an Atlantic Tunas vessel permit under §635.4.

(5) North Atlantic swordfish. The recreational retention limits for North Atlantic swordfish apply to persons who fish in any manner, except to persons aboard a vessel that has been issued a limited access North Atlantic swordfish permit under §635.4.
