§ 648.74 Shucking at sea.

(a) Observers. (1) The Regional Administrator may allow the shucking of surf clams or ocean quahogs at sea if he/she determines that an observer carried aboard the vessel can measure accurately the total amount of surf clams and ocean quahogs harvested in the shell prior to shucking.

(2) Any vessel owner may apply in writing to the Regional Administrator to shuck surf clams or ocean quahogs at sea. The application shall specify: Name and address of the applicant, permit number of the vessel, method of calculating the amount of surf clams or ocean quahogs harvested in the shell, vessel dimensions and accommodations, and length of fishing trip.

(2) The Regional Administrator shall publish notification in the FEDERAL REGISTER specifying a conversion factor together with the data used in its calculation for a 30-day comment period. After consideration of the public comments and any other relevant data, the Regional Administrator may publish final notification in the FEDERAL REGISTER specifying the conversion factor.
