The refuge manager may permit the use of an existing cabin on non-wilderness refuge lands for the exercise of valid commercial fishing rights. Such a permit may be denied if, after conducting a public hearing in the affected locality, it is found that the use is inconsistent with refuge purposes and is a significant expansion of commercial fishing activities within the unit beyond 1979 levels.

(2) When the commercial fishing or guiding rights associated with a permittee's existing cabin are acquired by a new party, the privilege of using the cabin cannot be sold and the new party does not necessarily qualify for a cabin permit. He/she must apply for a permit and meet the criteria described in this paragraph (e) before issuance of a special use permit by the refuge manager. He/she may not occupy the cabin before issuance of a permit.

(3) No new commercial cabins will be permitted in wilderness areas.

(4) Commercial cabins may be occupied only by persons legitimately involved in the commercial enterprise, assistants, employees, their families, guests and clients and only during the time that the authorized activity is occurring. The names of those individuals, excluding guests and clients, will be listed on the permit. The permittee or another individual listed on the permit must be present when the cabin is occupied.

(5) Special use permits for commercial cabins may be renewed annually in conjunction with the special use permit renewal for the commercial activity itself. The cabin permit may be issued for periods of up to five years and is a separate permit from one issued for the commercial activity.

(f) Administrative and government-owned public use cabins. In addition to paragraph (a) of this section, the regulations in this paragraph (f) apply to all administrative and government-owned cabins.

(1) The refuge manager can designate those cabins not under permit as administrative cabins to be used for official government business. Administrative cabins may be used by the public during life-threatening emergencies. On a case-by-case basis, they may also be designated as public use cabins when not needed for government purposes. In such cases, the refuge manager must inform the public and post dates or seasons when the cabins are available.

(2) The refuge manager may designate government-owned cabins as public use cabins. They are only intended for short-term public recreational use and occupancy. The refuge manager may develop an allocation system for managing public use cabins for short-term recreational use.

No existing public use cabins shall be removed or new public use cabins constructed within wilderness areas designated by the Alaska National Interest Lands Conservation Act of 1980 or subsequently designated wilderness areas until the Secretary of the Interior notifies the House Committee on Interior and Insular Affairs and the Senate Committee on Energy and Natural Resources.

§ 36.34 Firearms.

The possession, use and transporting of firearms is authorized for hunting and personal protection in accordance with State and Federal laws unless prohibited or otherwise restricted by the Refuge Manager in accordance with the provisions of §36.42.

§ 36.35 Unattended property.

(a) Leaving any snowmachine, vessel, off-road vehicle or other personal property unattended for longer than 12 months without the prior permission of the Refuge Manager is prohibited, and any property so left may be impounded by the Refuge Manager.

(b) The Refuge Manager may (1) designate areas where personal property may not be left unattended for any time period, (2) establish limits on the amount and type of personal property that may be left unattended, (3) prescribe the manner in which personal property may be left unattended or (4) establish limits on the length of time personal property may be left unattended.

(c) Such designations and restrictions arising under paragraph (b) of this section shall be (1) published in the
least one newspaper of general circulation within the State, posted at community post offices within the affected vicinity, made available for broadcast on local radio stations in a manner reasonably calculated to inform residents in the affected community, and designated in a map which shall be available for public inspection at the office of the Refuge Manager, or (2) designated by the posting of appropriate signs or (3) both.

(d) In the event unattended property interferes with the safe and orderly management of a refuge area or causes damage to refuge resources, it may be impounded by the Refuge Manager at any time.

§ 36.36 Sled dogs and household pets.

The general trespass provisions of 50 CFR 26.21 shall not apply to household pets and sled, work, or pack dogs under the direct control of their owners or handlers, but such activities may be prohibited or otherwise restricted pursuant to the provisions of § 36.42.
