projects with specific activities, rather than expansive concept papers which contain only broad ideas. Large, overly expensive projects (e.g., in excess of approximately $500,000) are rarely appropriate for the program.

(b) CCC will not reimburse 100 percent of the cost of any project undertaken by the private sector. The program is intended to provide appropriate assistance to projects which also have a significant amount of financial contributions from other sources, especially U.S. private industry.

(c) Funding for continuing and substantially similar projects is generally limited to 3 years. After that time, the project is assumed to have proven its viability and, if necessary, should be continued by the Recipient with its own or with alternative sources of funding.

Subpart C—Program Operations

§ 1486.300 How are applicants notified of decisions on their applications?

FAS will notify each applicant in writing of the final decision on its application. For approvals, letters will contain the notice of approval and any required qualifications or adjustments to the original proposal. For rejections, letters will explain reasons why the proposals were not approved for funding.

§ 1486.301 How is the working relationship established between CCC and the Recipient of program funding?

(a) FAS will send an approval letter followed by a project agreement to each approved applicant. The approval letter and agreement will specify the terms and conditions applicable to the project, including the levels of EMP funding and cost-share contribution requirements. The applicant is authorized to begin implementation of the project as of the date of the approval letter, unless otherwise indicated.

(b) An applicant who accepts the terms and conditions contained in the agreement should so indicate by having the appropriate authorizing official sign the agreement and submit it to the Director, Marketing Operations Staff, FAS, USDA. The applicant may not be reimbursed for approved project expenses until the Recipient’s authorizing official and CCC have signed the agreement.

§ 1486.302 Can changes be made to a project once it has been approved?

(a) Approved projects may be modified if circumstances change in such a way that they would likely affect the progress and ultimate success of a project. All requests for project modifications must be made in writing to FAS and must include:

(1) A justification as to why changes to the project as originally designed are needed;

(2) An explanation of the necessary adjustments in approach or strategy;

(3) A description of necessary changes in the project’s time line(s); and

(4) Necessary changes to the project’s budget (e.g., shifting of budgetary resources from one line item to another in order to accommodate the changes).

(b) Extensions of project time lines must be approved and made by FAS.

§ 1486.303 What specific contracting procedures must be adhered to?

(a) The Recipient has full and sole responsibility for the legal sufficiency of all contracts it may enter into with one or more third parties in order to carry out an approved project and shall assume financial liability for any costs or claims resulting from suits, challenges, or other disputes based on contracts entered into by the Recipient. Neither CCC nor any other agency of the United States Government or any official or employee of CCC or the United States Government has any obligation or responsibility with respect to Recipient contracts with third parties.

(b) Recipients are responsible for ensuring to the extent possible that the terms, conditions, and costs of contracts constitute the most economical and effective use of project funds.

(c) All fees for professional and consulting services paid to third parties in any part with project funds must be covered by written contracts.

(d) A Recipient shall:
