§ 3430.203

knowledge system around a problem area or activity.

Specialty crop means fruits and vegetables, tree nuts, dried fruits, and horticulture and nursery crops (including floriculture).

Trans-disciplinary means a multi-discipline approach that brings biological and physical scientists together with economists and social scientists to address challenges in a holistic manner.

§ 3430.203 Eligibility.

Eligible applicants for the grant program implemented under this subpart include: Federal agencies, national laboratories; colleges and universities (offering associate’s or higher degrees); research institutions and organizations; private organizations or corporations; State agricultural experiment stations; individuals; and groups consisting of 2 or more entities identified in this sentence.

§ 3430.204 Project types and priorities.

For each RFA, CSREES may develop and include the appropriate project types and focus areas (in addition to the five focus areas identified in §3430.201) based on the critical needs of the specialty crop industry as identified through stakeholder input and deemed appropriate by CSREES. Of the funds made available each fiscal year, not less than 10 percent of these funds shall be allocated for each of the five focus areas identified in §3430.201. In making awards for this program, CSREES will give higher priority to projects that are multistate, multi-institutional, and multidisciplinary; and include explicit mechanisms to communicate the results to producers and the public.

§ 3430.205 Funding restrictions.

(a) Prohibition against construction. Funds made available under this subpart shall not be used for the construction of a new building or facility or the acquisition, expansion, remodeling, or alteration of an existing facility (including site grading and improvement, and architect fees).

(b) Indirect costs. Subject to §3430.54, indirect costs are allowable.

§ 3430.206 Matching requirements.

(a) Requirement. Grantees are required to provide funds or in-kind support from non-Federal sources in an amount that is at least equal to the amount provided by the Federal government. The matching contribution must be provided from non-Federal sources except when authorized by statute. The matching requirements under this subpart cannot be waived.

(b) Indirect costs. Use of indirect costs as in-kind matching contributions is subject to §3430.52.

§ 3430.207 Other considerations.

The term of a grant under this subpart shall not exceed 10 years.

Subpart G—Agriculture and Food Research Initiative

SOURCE: 75 FR 54761, Sept. 9, 2010, unless otherwise noted.

§ 3430.300 Applicability of regulations.

The regulations in this subpart apply to the Agriculture and Food Research Initiative (AFRI) authorized under section 2(b) of the Competitive, Special, and Facilities Research Grant Act (7 U.S.C. 450i(b)).

§ 3430.301 Purpose.

The purpose of this program is to make competitive grants for fundamental and applied research, extension, and education to address food and agricultural sciences, as defined under section 1404 of the National Agricultural Research, Extension, and Teaching Policy Act of 1977 (7 U.S.C. 3163).

§ 3430.302 Definitions.

The definitions applicable to the competitive grant programs under this subpart include:

Food and Agricultural Science Enhancement (FASE) awards means funding awarded to eligible applicants to strengthen science capabilities of Project Directors, to help institutions develop competitive scientific programs, and to attract new scientists into careers in high-priority areas of National need in agriculture, food, and environmental sciences. FASE awards
may apply to any of the three agricultural knowledge components (i.e., research, education, and extension). FASE awards include Pre- and Postdoctoral Fellowships, New Investigator grants, and Strengthening grants.

Limited institutional success means institutions that are not among the most successful universities and colleges for receiving Federal funds for science and engineering research. A list of successful institutions will be provided in the RFA.

Minority means Alaskan Native, American Indian, Asian American, African-American, Hispanic American, Native Hawaiian, or Pacific Islander. The Secretary will determine on a case-by-case basis whether additional groups qualify under this definition, either at the Secretary’s initiative, or in response to a written request with supporting explanation.

Minority-serving institution means an accredited academic institution whose enrollment of a single minority or a combination of minorities exceeds fifty percent of the total enrollment, including graduate and undergraduate and full- and part-time students. An institution in this instance is an organization that is independently accredited as determined by reference to the current version of the Higher Education Directory, published by Higher Education Publications, Inc., 6400 Arlington Boulevard, Suite 648, Falls Church, Virginia 22042.

Multidisciplinary project means a project on which investigators from two or more disciplines collaborate to address a common problem. These collaborations, where appropriate, may integrate the biological, physical, chemical, or social sciences.

Small and mid-sized institutions means academic institutions with a current total enrollment of 17,500 or less, including graduate and undergraduate as well as full- and part-time students. An institution, in this instance, is an organization that possesses a significant degree of autonomy. Significant degree of autonomy is defined by being independently accredited as determined by reference to the current version of the Higher Education Directory, published by Higher Education Publications, Inc., 6400 Arlington Boulevard, Suite 648, Falls Church, Virginia 22042 (703)-532-2300.

Strengthening grants means funds awarded to institutions eligible for FASE grants to enhance institutional capacity, with the goal of leading to future funding in the project area, as well as strengthening the competitive- ness of the investigator’s research, education, and/or extension activities. Strengthening grants consist of standard and Coordinated Agricultural Project (CAP) grant types as well as seed grants, equipment grants, and sabbatical grants.

USDA EPSCoR States (Experimental Program for Stimulating Competitive Research) means States which have been less successful in receiving funding from AFRI, or its predecessor, the National Research Initiative (NRI), having a funding level no higher than the 38th percentile of all States based on a 3-year rolling average of AFRI and/or NRI funding levels, excluding FASE Strengthening funds granted to EPSCoR States, and small, mid-sized, and minority-serving degree-granting institutions. The most recent list of USDA EPSCoR States will be provided in the RFA.

§ 3430.303 Eligibility.

(a) General. Unless otherwise specified in the RFA or this subpart, eligible applicants for the grant program implemented under this subpart include:

1. State agricultural experiment stations;
2. Colleges and universities (including junior colleges offering an associate’s degree);
3. University research foundations;
4. Other research institutions and organizations;
5. Federal agencies;
6. National laboratories;
7. Private organizations or corporations;
8. Individuals; and
9. Any group consisting of 2 or more entities identified in paragraphs (a)(1) through (8) of this section.

(b) Integrated projects. Eligible entities for the integrated component under this subpart include:

1. Colleges and universities;
2. 1994 Institutions; and
