§ 3560.59 Environmental requirements.

Under the National Environmental Policy Act, the Agency is required to assess the potential impact of the proposed action on protected environmental resources. Measures to avoid or at least mitigate adverse impacts to protected resources may require a change in the site or project design. Therefore, a site cannot be approved until the Agency has completed the environmental review in accordance with 7 CFR part 1940, subpart G, or any successor regulation. Likewise, the applicant should be informed that the environmental review must be completed and considered before the Agency can make a commitment of resources to the project.

§ 3560.60 Design requirements.

(a) Standards. All Agency-financed MFH will be constructed in accordance with 7 CFR part 1924, subpart A and will consist of two or more rental units plus appropriate related facilities. Single family structures may be used for group homes and cooperative housing. Also, manufactured homes may be used to create MFH and single family housing originally financed through section 502 of the Housing Act of 1949 may be converted to MFH. Maintenance requirements are listed in § 3560.103(a)(3).

(b) Residential design. All MFH must be residential in character, except as provided for in § 3560.58(b), and must meet the needs of eligible residents.

(c) Economical construction, operation and maintenance. Taking into consideration life-cycle costs, all housing must be economical to construct, operate, and maintain and must not be of elaborate design or materials.

(1) Economical construction means construction that results in housing of at least average quality with amenities that are reasonable and customary for the community and necessary to appropriately serve tenants.

(2) Economical operating and maintenance means housing with operational and maintenance costs that allow a basic rent structure less than or consistent with conventional rents for comparable units in the community or in a similar community except that when determined necessary by the Agency to allow for decent, safe and
