§ 4280.108 Project eligibility.

For a renewable energy system or energy efficiency improvement project to be eligible to receive a grant or loan under this subpart, the proposed project must meet each of the criteria, as applicable, in paragraphs (a) through (g) of this section.

(a) The project must be for the purchase of a renewable energy system or to make energy efficiency improvements.

(b) The project must be for a pre-commercial or commercially available, and replicable technology.

(c) The project must have technical merit, as determined using the procedures specified in §4280.112(d).

(d) The project must be located in a rural area, as defined in §4280.103.

(e) The applicant must be the owner of the project and control the revenues and expenses of the project, including operation and maintenance. A third-party under contract to the owner may be used to control revenues and expenses and manage the operation and/or maintenance of the project.

(f) Sites must be controlled by the agricultural producer or small business for the financing term of any associated Federal loans or loan guarantees.

(g) Satisfactory sources of revenue in an amount sufficient to provide for the operation, management, maintenance, and debt service of the project must be available for the life of the project.

Section A. Grants

§ 4280.109 Qualification for simplified applications.

When applying for a grant, applicants may qualify for the simplified application process. In order to use the simplified application process, each of the conditions specified in paragraphs (a)(1) through (8) of this section must be met.

(a) Simplified application criteria. (1) The applicant must be eligible in accordance with §4280.107.

(2) The project must be eligible in accordance with §4280.108.

(3) Total eligible project costs must be $200,000 or less.

(4) The proposed project must use commercially available renewable energy systems or energy efficiency improvements.

(5) Construction planning and performing development must be performed in compliance with §4280.115. The applicant or the applicant’s prime contractor must assume all risks and responsibilities of project development.

(6) The applicant or the applicant’s prime contractor is responsible for all interim financing.

(7) The proposed project is scheduled to be completed within 24 months after entering into a grant agreement. The Agency may extend this period if the Agency determines, at its sole discretion, that the applicant is unable to complete the project for reasons beyond the applicant’s control.

(8) The applicant agrees not to request reimbursement from funds obligated under this program until after project completion, including all operational testing and certifications acceptable to the Agency.

(b) Application processing and administration—(1) Application documents. Application documents shall be submitted in accordance with §4280.111 or, if applying for a combined grant and loan, also in accordance with §4280.193(c).

(2) Demonstrated financial need. The applicant must certify that it meets the definition of demonstrated financial need, as defined in §4280.103. The Agency may require the applicant to provide supplemental information that will allow the Agency to make its own determination of the applicant’s financial need.

(3) Project development. Section 4280.115 applies, except as follows:

(i) Any grantee may participate in project development without direct compensation subject to the approval in writing by the prime contractor,
