lender will continue to submit this form bimonthly until such time as the loan is no longer in default. If a monetary default exceeds 60 days, the lender will arrange a meeting with the Agency and the borrower to resolve the problem.

(b) In considering options, the prospects for providing a permanent cure without adversely affecting the risk to the Agency and the lender is the paramount objective.

(1) Curative actions include but are not limited to:

(i) Deferment of principal (subject to rights of any holder);

(ii) An additional unguaranteed loan by the lender to bring the account current;

(iii) Reamortization of or rescheduling the payments on the loan (subject to rights of any holder);

(iv) Transfer and assumption of the loan in accordance with § 4287.134 of this subpart;

(v) Reorganization;

(vi) Liquidation;

(vii) Subsequent loan guarantees; and

(viii) Changes in interest rates with the Agency’s, the lender’s, and holder’s approval, provided that the interest rate is adjusted proportionately between the guaranteed and unguaranteed portion of the loan and the type of rate remains the same.

(2) In the event a deferment, rescheduling, reamortization, or moratorium is accomplished, it will be limited to the remaining life of the collateral or remaining limits as contained in § 4279.126 of subpart B of part 4279 of this chapter, whichever is less.

§ 4287.157 Liquidation.

In the event of one or more incidents of default or third party actions that the borrower cannot or will not cure or eliminate within a reasonable period of time, liquidation may be considered. If the lender concludes that liquidation is necessary, it must request the Agency’s concurrence. The lender will liquidate the loan unless the Agency, at its option, carries out liquidation. When the decision to liquidate is made, if the loan has not already been repurchased, provisions will be made for repurchase in accordance with § 4279.78 of subpart A of part 4279 of this chapter.

(a) Decision to liquidate. A decision to liquidate shall be made when it is determined that the default cannot be cured through actions contained in § 4287.145 of this subpart or it has been determined that it is in the best interest of the Agency and the lender to liquidate. The decision to liquidate or continue with the borrower must be made as soon as possible when any of the following exist:

(1) A loan has been delinquent 90 days and the lender and borrower have not been able to cure the delinquency through one of the actions contained in § 4287.145 of this subpart.

(2) It has been determined that delaying liquidation will jeopardize full recovery on the loan.

(3) The borrower or lender has been uncooperative in resolving the problem and the Agency or the lender has reason to believe the borrower is not acting in good faith, and it would enhance the position of the guarantee to liquidate immediately.
