§ 227.37

(13) Problems teachers encounter in conducting effective nutrition education activities and areas where inservice training or materials can assist in alleviating these problems;

(14) Problems in dietary habits of children and areas where nutrition education may assist in positive changes;

(15) Problems encountered in coordinating the nutrition education by teachers with the meal preparation and activities of the food service facility and areas where training might alleviate these problems.

(b) The needs assessment should be an ongoing process and provide not only data on current activities but also a description of the problems and needs in each category and whether training or materials would help alleviate the identified problems.

§ 227.37 State plan for nutrition education and training.

(a) General. Each fiscal year the State agency shall submit a State plan for Nutrition Education and Training for approval to FNS. The State plan shall be based on the needs identified from the ongoing needs assessment and evaluation of the State plans from previous years. The State plan shall be submitted in accordance with § 227.30(e). Guidance for the preparation and submission of the State plan shall be provided by FNS.

(b) Requirements for the State plan. The State plan shall provide the following:

(1) Description of the ongoing needs assessment conducted within the State;

(2) The findings of the needs assessment within the State used to determine the goals and objectives of the State plan and results of the evaluation of the previous years’ State plans for:

(i) Inservice training of food service personnel;

(ii) Nutrition education of children;

(iii) Inservice training in nutrition education for teachers;

(3) Goals and objectives of the State plan;

(4) Identification of the priority populations to be reached during the fiscal year;

(5) Provisions for coordinating the nutrition education and training programs carried out with funds made available under this part with any related publicly supported programs being carried out within the State to include:

(i) Identification of existing programs that may be utilized,

(ii) Description of how representatives of such groups are to be involved in the planning and implementation of the State program;

(iii) Criteria and procedure for selection of such representatives;

(6) Plans to solicit advice and recommendations of the National Advisory Council on Child Nutrition, State educational or other appropriate agencies; the U.S. Department of Education; the U.S. Department of Health and Human Services; and other interested groups and individuals concerned with improvement of child nutrition.

(7) Plans, including a timetable, for reaching all children in the State with instruction in the nutritional value of foods and the relationship among food, nutrition and health, for inservice training of food service personnel in the principles and skills of food service management and nutrition and for inservice instruction for teachers in sound principles of nutrition education;

(8) Any plans for using, on a priority basis, the resources of the land-grant colleges eligible to receive funds under the Act of July 2, 1862 (12 Stat. 503; 7 U.S.C. 301 through 305, 307, and 308) or the Act of August 30, 1890 (26 Stat. 417, as amended; 7 U.S.C. 312 through 326 and 328), including the Tuskegee Institute;

(9) A brief description of the program or activities to be contracted with land-grant colleges, described above, and other institutions of higher education, and other public or private nonprofit educational or research agencies, institutions or organizations for carrying out nutrition education and training activities;

(10) A brief description of pilot projects, including objectives, subject matter and expected outcomes, to be contracted with the land-grant colleges described above, other institutions of higher education, public and nonprofit
§ 227.40 Program information.
