

in §273.18, the amount to be restored shall be offset against the amount due on the claim before the balance, if any, is restored to the household. At the point in time when the household is certified and receives an initial allotment, the initial allotment shall not be reduced to offset claims, even if the initial allotment is paid retroactively.

(e) *Lost benefits to individuals disqualified for intentional Program violation.* Individuals disqualified for intentional Program violation are entitled to restoration of any benefits lost during the months that they were disqualified, not to exceed twelve months prior to the date of State agency notification, only if the decision which resulted in disqualification is subsequently reversed. For example, an individual would not be entitled to restoration of lost benefits for the period of disqualification based solely on the fact that a criminal conviction could not be obtained, unless the individual successfully challenged the disqualification period imposed by an administrative disqualification in a separate court action. For each month the individual was disqualified, not to exceed twelve months prior to State agency notification, the amount to be restored, if any, shall be determined by comparing the allotment the household received with the allotment the household would have received had the disqualified member been allowed to participate. If the household received a smaller allotment than it should have received, the difference equals the amount to be restored. Participation in an administrative disqualification hearing in which the household contests the State agency assertion of intentional Program violation shall be considered notification that the household is requesting restored benefits.

(f) *Method of restoration.* Regardless of whether a household is currently eligible or ineligible, the State agency shall restore lost benefits to a household by issuing an allotment equal to the amount of benefits that were lost. The amount restored shall be issued in addition to the allotment currently eligible households are entitled to receive. The State agency shall honor reasonable requests by households to restore lost benefits in monthly installments

if, for example, the household fears the excess coupons may be stolen, or that the amount to be restored is more than it can use in a reasonable period of time.

(g) *Changes in household composition.* Whenever lost benefits are due a household and the household's membership has changed, the State agency shall restore the lost benefits to the household containing a majority of the individuals who were household members at the time the loss occurred. If the State agency cannot locate or determine the household which contains a majority of household members the State agency shall restore the lost benefits to the household containing the head of the household at the time the loss occurred.

(h) *Accounting procedures.* Each State agency shall be responsible for maintaining an accounting system for documenting a household's entitlement to restoration of lost benefits and for recording the balance of lost benefits that must be restored to the household. Each State agency shall at a minimum, document how the amount to be restored was calculated and the reason lost benefits must be restored. The accounting system shall be designed to readily identify those situations where a claim against a household can be used to offset the amount to be restored.

§ 273.18 Claims against households.

(a) *General.* (1) A recipient claim is an amount owed because of:

- (i) Benefits that are overpaid or
- (ii) Benefits that are trafficked. Trafficking is defined in 7 CFR 271.2.

(2) This claim is a Federal debt subject to this and other regulations governing Federal debts. The State agency must establish and collect any claim by following these regulations.

(3) As a State agency, you must develop a plan for establishing and collecting claims that provides orderly claims processing and results in claims collections similar to recent national rates of collection. If you do not meet

§ 273.18

7 CFR Ch. II (1–1–11 Edition)

these standards, you must take corrective action to correct any deficiencies in the plan.

(4) The following are responsible for paying a claim:

(i) Each person who was an adult member of the household when the overpayment or trafficking occurred;

(ii) A sponsor of an alien household member if the sponsor is at fault; or

(iii) A person connected to the household, such as an authorized representative, who actually trafficks or otherwise causes an overpayment or trafficking.

(b) *Types of claims.* There are three types of claims:

An . . .	is . . .
(1) Intentional Program violation (IPV) claim.	any claim for an overpayment or trafficking resulting from an individual committing an IPV. An IPV is defined in § 273.16.
(2) Inadvertent household error (IHE) claim.	any claim for an overpayment resulting from a misunderstanding or unintended error on the part of the household.
(3) Agency error (AE) claim	any claim for an overpayment caused by an action or failure to take action by the State agency. The only exception is an overpayment caused by a household transacting an untampered expired Authorization to Participate (ATP) card.

(c) *Calculating the claim amount—(1)*
Claims not related to trafficking.

(i) As a State agency, you		
must calculate a claim	and	and
back to at least twelve months prior to when you become aware of the overpayment.	for an IPV claim, the claim must be calculated back to the month the act of IPV first occurred.	for all claims, don't include any amounts that occurred more than six years before you became aware of the overpayment.
(ii) The actual steps for calculating a claim are		
you	unless	then
(A) determine the correct amount of benefits for each month that a household received an overpayment.	the claim is an AE claim	apply the earned income deduction.
(B) do not apply the earned income deduction to that part of any earned income that the household failed to report in a timely manner when this act is the basis for the claim.		
(C) subtract the correct amount of benefits from the benefits actually received. The answer is the amount of the overpayment.	this answer is zero or negative.	dispose of the claim referral.

you . . .		
(D) reduce the overpayment amount by any EBT benefits expunged from the household's EBT benefit account in accordance with your own procedures. The difference is the amount of the claim.	you are not aware of any expunged benefits.	the amount of the overpayment calculated in paragraph (e)(1)(ii)(C) of this section is the amount of the claim.

(2) *Trafficking-related claims.* Claims arising from trafficking-related offenses will be the value of the trafficked benefits as determined by:

- (i) The individual's admission;
- (ii) Adjudication; or
- (iii) The documentation that forms the basis for the trafficking determination.

(d) *Claim referral management.*

(1) As a State agency, you		
must . . .	and you . . .	unless . . .
establish a claim before the last day of the quarter following the quarter in which the overpayment or trafficking incident was discovered.	will ensure that no less than 90 percent of all claim referrals are either established or disposed of according to this time frame.	you develop and use your own standards and procedures that have been approved by us (see paragraph (d)(2) of this section).

(2) Instead of using the standard in paragraph (d)(1) of this section, you may opt to develop and follow your own plan for the efficient and effective management of claim referrals.

(i) This plan must be approved by us.
 (ii) At a minimum, this plan must include:

(A) Justification as to why your standards and procedures will be more efficient and effective than our claim referral standard;

(B) Procedures for the detection and referral of potential overpayments or trafficking violations;

(C) Time frames and procedures for tracking claim referrals through date of discovery to date of establishment;

(D) A description of the process to ensure that these time frames are being met;

(E) Any special procedures and time frames for IPV referrals; and

(F) A procedure to track and follow-up on IPV claim referrals when these referrals are referred for prosecutorial or similar action.

(e) *Initiating collection action and managing claims—(1) Applicability.* State agencies must begin collection action on all claims unless the conditions under paragraph (g)(2) of this section apply.

(2) *Pre-establishment cost effectiveness determination.* A State agency may opt not to establish and subsequently collect an overpayment that is not cost effective. The following is our cost-effectiveness policy for State agencies:

(i) You may follow your own cost effectiveness plan and		
opt not to establish any claim if you determine that the claim referral is not cost effective to pursue.	unless you do not have a cost-effectiveness plan approved by us.	or you already established the claim or discovered the overpayment in a quality control review.
(ii) Or you may follow the FNS threshold and		
opt not to establish any claim if you determine that the claim referral is \$125 or less.	unless the household is currently participating in the Program.	or you already established the claim or discovered the overpayment in a quality control review.

(3) *Notification of claim.* (i) Each State agency must develop and mail or otherwise deliver to the household written notification to begin collection action on any claim.

(ii) The claim will be considered established for tracking purposes as of the date of the initial demand letter or written notification.

(iii) If the claim or the amount of the claim was not established at a hearing, the State agency must provide the household with a one-time notice of adverse action. The notice of adverse action may either be sent separately or as part of the demand letter.

(IV) THE INITIAL DEMAND LETTER OR NOTICE OF ADVERSE ACTION MUST INCLUDE LANGUAGE STATING:
(A) The amount of the claim.
(B) The intent to collect from all adults in the household when the overpayment occurred.
(C) The type (IPV, IHE, AE or similar language) and reason for the claim.

(D) The time period associated with the claim.
(E) How the claim was calculated.
(F) The phone number to call for more information about the claim.
(G) That, if the claim is not paid, it will be sent to other collection agencies, who will use various collection methods to collect the claim.
(H) The opportunity to inspect and copy records related to the claim.
(I) Unless the amount of the claim was established at a hearing, the opportunity for a fair hearing on the decision related to the claim. The household will have 90 days to request a fair hearing.
(J) That, if not paid, the claim will be referred to the Federal government for federal collection action.

Food and Nutrition Service, USDA

§ 273.18

(K) That the household can make a written agreement to repay the amount of the claim prior to it being referred for Federal collection action.
(L) That, if the claim becomes delinquent, the household may be subject to additional processing charges.
(M) That the State agency may reduce any part of the claim if the agency believes that the household is not able to repay the claim.
(N) A due date or time frame to either repay or make arrangements to repay the claim, unless the State agency is to impose allotment reduction.
(O) If allotment reduction is to be imposed, the percentage to be used and the effective date.

(ii) The date of delinquency for a claim covered under paragraph (e)(5)(i)(A) of this section is the due date on the initial written notification/demand letter. The claim will remain delinquent until payment is received in full, a satisfactory payment agreement is negotiated, or allotment reduction is invoked.

(iii) The date of delinquency for a claim covered under paragraph (e)(5)(i)(B) of this section is the due date of the missed installment payment. The claim will remain delinquent until payment is received in full, allotment reduction is invoked, or if the State agency determines to either resume or re-negotiate the repayment schedule.

(iv) A claim will not be considered delinquent if another claim for the same household is currently being paid either through an installment agreement or allotment reduction and you, as a State agency, expect to begin collection on the claim once the prior claim(s) is settled.

(v) A claim is not subject to the requirements for delinquent debts if the State agency is unable to determine delinquency status because collection is coordinated through the court system.

(6) *Fair hearings and claims.* (i) A claim awaiting a fair hearing decision must not be considered delinquent.

(ii) If the hearing official determines that a claim does, in fact, exist against the household, the household must be re-notified of the claim. The language to be used in this notice is left up to the State agency. The demand for payment may be combined with the notice of the hearing decision. Delinquency must be based on the due date of this subsequent notice and not on the initial pre-hearing demand letter sent to the household.

(iii) If the hearing official determines that a claim does not exist, the claim is disposed of in accordance with paragraph (e)(8) of this section.

(7) *Compromising claims.* (i) As a State agency, you may compromise a claim or any portion of a claim if it can be reasonably determined that a household's economic circumstances dictate that the claim will not be paid in three years.

(v) The due date or time frame for repayment must be not later than 30 days after the date of the initial written notification or demand letter.

(vi) Subsequent demand letters or notices may be sent at the discretion of the State agency. The language to be used and content of these letters is left up to the State agency.

(4) *Repayment agreements.* (i) Any repayment agreement for any claim must contain due dates or time frames for the periodic submission of payments.

(ii) The agreement must specify that the household will be subject to involuntary collection action(s) if payment is not received by the due date and the claim becomes delinquent.

(5) *Determining Delinquency.* (i) Unless specified in paragraph (e)(5)(iv) of this section, a claim must be considered delinquent if:

(A) The claim has not been paid by the due date and a satisfactory payment arrangement has not been made; or

(B) A payment arrangement has been established and a scheduled payment has not been made by the due date.

§ 273.18

7 CFR Ch. II (1-1-11 Edition)

(ii) You may use the full amount of the claim (including any amount compromised) to offset benefits in accordance with § 273.17.

(iii) You may reinstate any compromised portion of a claim if the claim becomes delinquent.

(8) *Terminating and writing-off claims-*

(i) *A terminated claim* is a claim in

which all collection action has ceased. A *written-off claim* is no longer considered a receivable subject to continued Federal and State agency collection and reporting requirements.

(ii) The following is our claim termination policy:

As a State agency, if . . .	Then you . . .	Unless . . .
(A) you find that the claim is invalid.	must discharge the claim and reflect the event as a balance adjustment rather than a termination.	it is appropriate to pursue the overpayment as a different type of claim (e.g., as an IHE rather than an IPV claim).
(B) all adult household members die.	must terminate and write-off the claim.	you plan to pursue the claim against the estate.
(C) the claim balance is \$25 or less and the claim has been delinquent for 90 days or more.	must terminate and write-off the claim.	other claims exist against this household resulting in an aggregate claim total of greater than \$25.
(D) you determine it is not cost effective to pursue the claim any further.	must terminate and write-off the claim.	we have not approved your overall cost-effectiveness criteria.
(E) the claim is delinquent for three years or more.	must terminate and write-off the claim.	you plan to continue to pursue the claim through Treasury's Offset Program.
(F) you cannot locate the household.	may terminate and write-off the claim.	
(G) a new collection method or a specific event (such as winning the lottery) substantially increases the likelihood of further collections.	may reinstate a terminated and written-off claim.	you decide not to pursue this option.

(f) *Acceptable forms of payment.*

You may collect a claim by:	However . . .
(1) Reducing benefits prior to issuance. This includes allotment reduction and offsets to restored benefits.	You must follow the instructions and limits found in paragraphs (g)(1) and (g)(3) of this section.
(2) Reducing benefits after issuance. These are benefits from electronic benefit transfer (EBT) accounts.	You must follow the instructions and limits found in paragraph (g)(2) of this section.
(3) Accepting cash or any of its generally accepted equivalents. These equivalents include check, money order, and credit or debit cards.	You do not have to accept credit or debit cards if you do not have the capability to accept these payments.

Food and Nutrition Service, USDA

§ 273.18

You may collect a claim by:	However . . .

These collections are considered “cash” for FNS claim accounting and reporting purposes.	You must follow any limits that may apply in paragraph (g) of this section.
(6) Requiring the household to perform public service.	This form of payment must be ordered by a court and specifically be in lieu of paying any claim.
(7) Participating in the Treasury collection programs.	You must follow the procedures found in paragraph (n) of this section.

(g) *Collection methods—(1) Allotment reduction.* The following is our allotment reduction policy:

As a State agency, you must . . .	Unless . . .
(i) Automatically collect payments for any claim by reducing the amount of monthly benefits that a household receives.	the claim is being collected at regular intervals at a higher amount or another household is already having its allotment reduced for the same claim (see paragraph (g)(1)(vi) of this section).
(ii) For an IPV claim, limit the amount reduced to the greater of \$20 per month or 20 percent of the household’s monthly allotment or entitlement.	the household agrees to a higher amount.
(iii) For an IHE or AE claim, limit the amount reduced to the greater of \$10 per month or 10 percent of the household’s monthly allotment.	the household agrees to a higher amount.
(iv) Not reduce the initial allotment when the household is first certified.	the household agrees to this reduction.
(v) Not use additional involuntary collection methods against individuals in a household that is already having its benefit reduced.	the additional payment is voluntary; or the source of the payment is irregular and unexpected such as a State tax refund or lottery winnings offset.

You may . . .

(vi) Collect using allotment reduction from two separate households for the same claim. However, you are not required to perform this simultaneous reduction.
(vii) Continue to use any other collection method against any individual who is not a current member of the household that is undergoing allotment reduction.

(2) *Benefits from EBT accounts.* (i) As a State agency, you must allow a house-

hold to pay its claim using benefits from its EBT benefit account.

(B) For collecting from stale EBT benefits . . .		
You . . . must mail or otherwise deliver to the household written notification that you intend to apply the benefits to the outstanding claim.	and . . . give the household at least 10 days to notify you that it doesn't want to use these benefits to pay the claim.	and . . . the retention rules apply to this collection.
(C) For making an adjustment with expunged EBT benefits . . .		
You . . . must adjust the amount of any claim by subtracting any expunged amount from the EBT benefit account for which you become aware.	and . . . this can be done anytime	and . . . the retention rules do not apply to this adjustment.

(iii) A collection from an EBT account must be non-settling against the benefit drawdown account.

(iv) At a minimum, any written agreement with the household to collect a claim using active EBT benefits must include:

(A) A statement that this collection activity is strictly voluntary;

(B) The amount of the payment;

(C) The frequency of the payments (i.e., whether monthly or one time only);

(D) The length (if any) of the agreement; and

(6) *Intercept of unemployment compensation benefits.* (i) As a State agency, you may arrange with a liable individual to intercept his or her unemployment compensation benefits for the collection of any claim. This collection option may be included as part of a repayment agreement.

(ii) You may also intercept an individual's unemployment compensation benefits by obtaining a court order.

(iii) You must report any intercept of unemployment compensation benefits as "cash" payments when they are reported to us.

(7) *Public service.* If authorized by a court, the value of a claim may be paid by the household performing public

(8) *Other collection actions.* You may employ any other collection actions to collect claims. These actions include, but are not limited to, referrals to collection and/or other similar private and public sector agencies, state tax refund and lottery offsets, wage garnishments, property liens and small claims court.

(9) *Unspecified joint collections.* When an unspecified joint collection is received for a combined public assistance/food stamp recipient claim, each program must receive its pro rata share of the amount collected. An unspecified joint collection is when funds are received in response to correspondence or a referral that contained both the food stamp and other program claim(s) and the debtor does not specify to which claim to apply the collection.

(h) *Refunds for overpaid claims.* (1) As a household, if you overpay a claim, the State agency must provide a refund for the overpaid amount as soon as possible after the State agency finds out

about the overpayment. You will be paid by whatever method the State agency deems appropriate considering the circumstances.

(2) You are not entitled to a refund if the overpaid amount is attributed to an expunged EBT benefit.

(i) *Interstate claims collection.* (1) Unless a transfer occurs as outlined in paragraph (i)(2) of this section, as a State agency, you are responsible for initiating and continuing collection action on any food stamp recipient claim regardless of whether the household remains in your State.

(2) You may accept a claim from another State agency if the household with the claim moves into your State. Once you accept this responsibility, the claim is yours for future collection and reporting. You will report interstate transfers to us in accordance with our instructions.

(j) *Bankruptcy.* A State agency may act on our behalf in any bankruptcy proceeding against a bankrupt household with outstanding recipient claims.

(k) *Retention rates.* (1) The retention rates for State agencies are as follows:

(2) These rates do not apply to any reduction in benefits when you disqualify someone for an IPV.

(m) *Accounting procedures.* (1) As a State agency, you must maintain an accounting system for monitoring recipient claims against households. This accounting system shall consist of both the system of records maintained for individual debtors and the accounts receivable summary data maintained for these debts.

(n) *Treasury's Offset Programs (TOP)*—

(1) *Referring debts to TOP.* (i) As a State agency, you must refer to TOP all recipient claims that are delinquent for 180 or more days.

(ii) You must certify that all of these claims to be referred to TOP are 180 days delinquent and legally enforceable.

(iii) You must refer these claims in accordance with our and the Department of the Treasury's (Treasury) instructions.

(iv) You must not refer claims to TOP that:

(A) You become aware that the debtor is a member of a participating household that is having its allotment reduced to collect the claim; or

(B) Fall into any other category designated by us as non-referable to TOP.

(2) *Notifying debtors of referral to TOP.*

(2) The claim is paid up;

(3) The claim is disposed of through a hearing, termination, compromise or any other means;

§ 273.20 SSI cash-out.

(a) *Ineligibility.* No individual who receives supplemental security income (SSI) benefits and/or State supplementary payments as a resident of California is eligible to receive food stamp benefits. The Secretary of the Department of Health and Human Services has determined that the SSI payments in California have been specifically increased to include the value of the food stamp allotment.

(b) *Receipt of SSI benefits.* In California, an individual must actually receive, not merely have applied for, SSI benefits to be determined ineligible for the food stamp program. If the State agency provides payments at least equal to the level of SSI benefits to individuals who have applied for but are awaiting an SSI eligibility determination, receipt of these substitute payments will terminate the individual’s eligibility for food stamp benefits. Once SSI benefits are received, the individual will remain ineligible for food stamp benefits, even during months in which receipt of the SSI benefits is interrupted, or suspended, until the individual is terminated from the SSI program.

(c) *Income and resources.* In California, the income and resources of the SSI recipient living in a household shall not be considered in determining eligibility or level of benefits of the household, as specified in §273.11(d).

§ 273.21 Monthly Reporting and Retrospective Budgeting (MRRB).

(a) *System design.* This section provides for an MRRB system for determining household eligibility and benefits. For included households, this system replaces the prospective budgeting system provided in the preceding sections of this part. The MRRB system
