

§ 273.3

7 CFR Ch. II (1–1–11 Edition)

agency must restrict the use of authorized representatives for purposes of application processing and obtaining food stamp benefits as follows:

(A) State agency employees who are involved in the certification or issuance processes and retailers who are authorized to accept food stamp benefits may not act as authorized representatives without the specific written approval of a designated State agency official and only if that official determines that no one else is available to serve as an authorized representative.

(B) An individual disqualified for an intentional Program violation cannot act as an authorized representative during the disqualification period, unless the State agency has determined that no one else is available to serve as an authorized representative. The State agency must separately determine whether the individual is needed to apply on behalf of the household, or to obtain benefits on behalf of the household.

(C) If a State agency has determined that an authorized representative has knowingly provided false information about household circumstances or has made improper use of coupons, it may disqualify that person from being an authorized representative for up to one year. The State agency must send written notification to the affected household(s) and the authorized representative 30 days prior to the date of disqualification. The notification must specify the reason for the proposed action and the household's right to request a fair hearing. This provision is not applicable in the case of drug and alcoholic treatment centers and those group homes which act as authorized representatives for their residents. However, drug and alcohol treatment centers and the heads of group living arrangements that act as authorized representatives for their residents, and which intentionally misrepresent households circumstances, may be prosecuted under applicable Federal and State statutes for their acts.

(D) Homeless meal providers, as defined in § 271.2 of this chapter, may not act as authorized representatives for homeless food stamp recipients.

(ii) In order to prevent abuse of the program, the State agency may set a limit on the number of households an authorized representative may represent.

(iii) In the event employers, such as those that employ migrant or seasonal farmworkers, are designated as authorized representatives or that a single authorized representative has access to a large number of authorization documents or coupons, the State agency should exercise caution to assure that each household has freely requested the assistance of the authorized representative, the household's circumstances are correctly represented, the household is receiving the correct amount of benefits and that the authorized representative is properly using the benefits.

Subpart B—Residency and Citizenship

§ 273.3 Residency.

(a) A household shall live in the State in which it files an application for participation. The State agency may also require a household to file an application for participation in a specified project area (as defined in § 271.2 of this chapter) or office within the State. No individual may participate as a member of more than one household or in more than one project area, in any month, unless an individual is a resident of a shelter for battered women and children as defined in § 271.2 and was a member of a household containing the person who had abused him or her. Residents of shelters for battered women and children shall be handled in accordance with § 273.11(g). The State agency shall not impose any durational residency requirements. The State agency shall not require an otherwise eligible household to reside in a permanent dwelling or have a fixed mailing address as a condition of eligibility. Nor shall residency require an intent to reside permanently in the

State or project area. Persons in a project area solely for vacation purposes shall not be considered residents.

(b) When a household moves within the State, the State agency may require the household to reapply in the new project area or it may transfer the household's casefile to the new project area and continue the household's certification without reapplication. If the State agency chooses to transfer the case, it shall act on changes in household circumstances resulting from the move in accordance with § 273.12(c) or § 273.21. It shall also ensure that duplicate participation does not occur in accordance with § 272.4(f) of this chapter, and that the transfer of a household's case shall not adversely affect the household.
