in pots, the inventory should specify the size of the container. If the certified nursery stock was bare root plants or in a temporary container, the inventory should specify whether the plant was non-budded or budded. The completed application must be sent to the USDA Citrus Canker Eradication Program, Attn: Commercial Compensation, 10300 Sunset Dr., Suite 150, Miami, FL 33173. Claims for certified nursery stock must be received by August 7, 2006.

Subpart—Citrus Greening and Asian Citrus Psyllid

SOURCE: 75 FR 34332, June 17, 2010, unless otherwise noted.

§ 301.76 Restrictions on the interstate movement of regulated articles.

No person may move interstate from any quarantined area any articles regulated for citrus greening and Asian citrus psyllid, except in accordance with this subpart.[1]≤

§ 301.76–1 Definitions.

Administrator. The Administrator of the Animal and Plant Health Inspection Service or any individual authorized to act for the Administrator.

Animal and Plant Health Inspection Service (APHIS). The Animal and Plant Health Inspection Service of the United States Department of Agriculture.

Asian citrus psyllid. The insect known as Asian citrus psyllid (*Diaphorina citri* Kuwayama) in any stage of development.

Certificate. A document, stamp, or other means of identification approved by APHIS and issued by an inspector or person operating under a compliance agreement when he or she finds that, because of certain conditions, a regulated article can be moved safely from an area quarantined for Asian citrus psyllid and/or citrus greening without spreading the psyllid or the disease.

Citrus greening. A plant disease caused by several strains of the uncultured, phloem-limited bacterial pathogen "*Candidatus* Liberibacter asiaticus".

Commercial citrus grove. A solid-set planting of trees maintained for the primary purpose of producing citrus fruit for commercial sale.

Compliance agreement. A written agreement between APHIS and a person engaged in the business of growing, maintaining, processing, handling, packing, or moving regulated articles for interstate movement, in which the person agrees to comply with this subpart. For the purposes of this subpart, a memorandum of understanding is considered a compliance agreement.

EPA. The U.S. Environmental Protection Agency.

Established population. Presence of Asian citrus psyllid within an area that the Administrator determines is likely to persist for the foreseeable future.

Inspector. An individual authorized by the Administrator to perform the duties required under this subpart.

Interstate. From any State into or through any other State.

Limited permit. A document issued by an inspector or person operating under a compliance agreement to allow the interstate movement of regulated articles to a specified destination, for specified handling, processing, or utilization.

Moved (move, movement). Shipped, offered for shipment, received for transportation, transported, carried (whether on one's person or by any other means of conveyance), or allowed to be moved, shipped, transported, or carried. For the purposes of this subpart, movements include any type of shipment, including mail and Internet commerce.

Nursery. Any commercial location where nursery stock is grown, propagated, stored, maintained, or sold, or any location from which nursery stock is distributed.

Nursery stock. Any plants or plant parts, excluding fruit, intended to be planted, to remain planted, or to be replanted. Nursery stock includes, but is

[1] In order to enforce this section, any properly identified inspector is authorized to stop and inspect persons and means of conveyance and to seize, quarantine, treat, apply other remedial measures to, destroy, or otherwise dispose of host articles as provided in sections 414, 421, and 434 of the Plant Protection Act (7 U.S.C. 7714, 7731, and 7754).
