§ 301.85–9 Movement of live golden nematodes.

Regulations requiring a permit for and otherwise governing the movement of live golden nematodes in interstate or foreign commerce are contained in the Federal Plant Pest Regulations in part 330 of this chapter. Applications for permits for the movement of the pest may be made to the Deputy Administrator.

§ 301.85–10 Nonliability of the Department.

The U.S. Department of Agriculture disclaims liability for any costs incident to inspections or compliance with the provisions of the quarantine and regulations in this subpart, other than for the services of the inspector.

Subpart—Pale Cyst Nematode

SOURCE: 72 FR 51984, Sept. 12, 2007, unless otherwise noted.

§ 301.86 Restrictions on interstate movement of regulated articles.

No person may move interstate from any quarantined area any regulated article except in accordance with this subpart. [1]

§ 301.86–1 Definitions.

Administrator. The Administrator, Animal and Plant Health Inspection Service, or any person authorized to act for the Administrator.

Animal and Plant Health Inspection Service. The Animal and Plant Health Inspection Service (APHIS) of the United States Department of Agriculture.

Associated field. A field that has been found to be at risk for infestation with pale cyst nematode in accordance with § 301.86–3(c)(2).

Certificate. A document in which an inspector or person operating under a compliance agreement affirms that a specified regulated article is free of pale cyst nematode and may be moved interstate to any destination.

Compliance agreement. A written agreement between APHIS and a person engaged in growing, handling, or moving regulated articles, wherein the person agrees to comply with this subpart.

Departmental permit. A document issued by the Administrator in which he or she affirms that interstate movement of the regulated article identified on the document is for scientific or experimental purposes and that the regulated article is eligible for interstate movement in accordance with § 301.86–4.

Field. A defined production site that is managed separately from surrounding areas for phytosanitary purposes.

Infestation (infested). The presence of the pale cyst nematode or the existence of circumstances that makes it reasonable to believe that the pale cyst nematode is present.

Infested field. A field that has been found to be infested with pale cyst nematode in accordance with § 301.86–3(c)(1).

Inspector. Any employee of APHIS or other person authorized by the Administrator to perform the duties required under this subpart.

Interstate. From any State into or through any other State.

Limited permit. A document in which an inspector or person operating under a compliance agreement affirms that the regulated article identified on the document is eligible for interstate movement in accordance with § 301.86–5(b) only to a specified destination and only in accordance with specified conditions.

Moved (move, movement). Shipped, offered for shipment, received for transportation, transported, carried, or allowed to be moved, shipped, transported, or carried.

Nursery stock. Living plants and plant parts intended to be planted, to remain planted, or to be replanted.

Pale cyst nematode. The pale cyst nematode (*Globodera pallida*), in any stage of development.

Person. Any association, company, corporation, firm, individual, joint stock company, partnership, society, or other entity.

[1] Any properly identified inspector is authorized to stop and inspect persons and means of conveyance and to seize, quarantine, treat, apply other remedial measures to, destroy, or otherwise dispose of regulated articles as provided in section 414 of the Plant Protection Act (7 U.S.C. 7714).
