§ 352.6 Application for permit and approval or denial thereof.

(a) *Plants and plant products (including noxious weeds).* Except as otherwise provided in this paragraph, any person desiring to unload or land, or otherwise move into or through the United States, any plants or plant products for which a specific permit is required by § 352.5, shall in the case of prohibited plants or plant products, and should in the case of restricted plants or plant products, in advance of arrival in the United States of the plants or plant products, submit an application for a permit to the Plant Protection and Quarantine Programs,[1] stating such of the following information as is relevant: The name and address of the importer, the approximate quantity and kind of plants and plant products it is desired to import under this part, the country where grown, the United States port of arrival, the United States port of export, the proposed routing from the port of arrival to the port of exportation, means of transportation to be employed (*i.e.*, mail, air mail, express, air express, freight, air freight, baggage), and the name and address of the agent representing the importer. Applications may be made on forms provided for the purpose by the Plant Protection and Quarantine Programs, or orally, or by letter, telegram, or other means of communication furnishing all the information required by this paragraph. Applications need not be made for shipments handled under general authorizations set forth in § 352.5 (b), (c), or (d), or in § 352.11.

(b) *Plant pests.* Any person desiring to unload or land, or otherwise move into or through the United States, any plant pest for which a specific permit is required by § 352.5 shall, in advance of the arrival of the plant pests in the United States, submit an application to the Plant Protection and Quarantine Programs[2] for a permit as specified by § 330.201 of this chapter.

(c) *Soil.* Any person desiring to bring into or unload or land, or otherwise move into or through the United States, any soil for which a specific permit is required by § 352.5 shall, in advance of the arrival of the soil in the United States, submit an application for permit to the Plant Protection and Quarantine Programs[2] as specified by § 330.300(b) of this chapter.

(d) *Constructive oral application.* If a permit has not been issued in advance of arrival, application for any required permit (other than a formal permit) shall be considered to have been made orally to the inspector at the port of arrival by presentation of the shipment for entry or its listing on the manifest or other documentation, but this shall not excuse failure to make timely application as required by this section. Express application is required for a formal permit.

(e) *Approval or denial of permits.* Upon approval of the application, the permit will be issued. Any conditions necessary to eliminate danger of plant pest or noxious weed dissemination may be specified in the permit, or otherwise as provided in § 352.10. Permits will be denied if, in the opinion of the Deputy Administrator, it is not possible to prescribe conditions adequate to prevent danger of plant pest or noxious weed dissemination by the plants, plant products, plant pests, or soil involved.

§ 352.7 Notice of arrival.

Immediately upon arrival of any shipment of plants or plant products

[1] Application for such permits should be addressed to the Animal and Plant Health Inspection Service, Plant Protection and Quarantine, Port Operations, Permit Unit, 4700 River Road, Unit 136, Riverdale, Maryland 20737–1236.

[2] Application for permits should be made to the Plant Protection and Quarantine Programs, Animal and Plant Health Inspection Service, U.S. Department of Agriculture, Washington, DC 20250.

(including noxious weeds) subject to this part and covered by a specific permit, the importer shall submit in duplicate through the U.S. Collector of Customs for the U.S. Department of Agriculture a notice of such arrival on a form provided for that purpose (PQ–368) and shall give such information as is called for by that form and, in addition, where relevant, the proposed routing to the proposed U.S. port of exit. Notice of arrival shall not be required for other products or articles subject to this part since other available documentation meets the requirement for this notice.

[25 FR 1929, Mar. 5, 1960, as amended at 48 FR 57466, Dec. 30, 1983; 75 FR 68952, Nov. 10, 2010]

§ 352.8 Marking requirements.

Prohibited and restricted products and articles subject to this part shall be adequately marked or otherwise identified by documentation to indicate their nature.

§ 352.9 Ports.

The arrival, unloading, landing, or possession of plants, plant products, plant pests, noxious weeds, soil, or other products or articles subject to this part shall not be allowed at points within the United States other than at the ports specified in the Customs Regulations in 19 CFR 1.1 and 19 CFR 6.13, and Agana, Guam, or such other ports as may be named in permits or administrative instructions. Restrictions on the ports which may be used for particular types of handling of any products or articles subject to this part may be specified generally in administrative instructions or in permits in specific cases. When ports are specified in permits or otherwise, the arrival, unloading, landing, or possession of the products or articles involved at other ports will not be allowed except as the inspector may authorize changes in the ports specified.

[25 FR 1929, Mar. 5, 1960, as amended at 75 FR 68952, Nov. 10, 2010]

§ 352.10 Inspection; safeguards; disposal.

(a) *Inspection and release.* Prohibited and restricted products and articles subject to this part shall be subject to inspection at the port of first arrival in accordance with § 330.105(a) of this chapter and shall not be released by Customs officers for unloading, landing, or other onward movement or entry until released by an inspector or a Customs officer on behalf of an inspector in accordance with the procedure prescribed in § 330.105(a) of this chapter. If diversion or change of Customs entry is not permitted for any movements authorized under this part, the inspector at the original port of Customs entry shall appropriately endorse Customs documents to show that fact. However, the inspector at the U.S. port of export may approve diversion or change of Customs entry to permit movement to a different foreign country, or entry into the United States, subject to all other applicable requirements under this part or parts 319, 330, or 360 of this chapter. If diversion or change of Customs entry is desired at a Customs port in the United States where there is no inspector, the owner may apply to the Plant Protection and Quarantine Programs[3] for information as to applicable conditions. If diversion or change of Customs entry is desired at port, confirmation will be given by the Plant Protection and Quarantine Programs to the appropriate Customs officers and Plant Protection and Quarantine Programs inspectors.

(b) *Safeguards.* (1) The unloading, landing, retention on board as stores and furnishings or cargo, transshipment and exportation, transportation and exportation, onward movment to the port of entry as residue cargo or under a Customs entry for immediate transportation, and other movement or possession within the United States of prohibited or restricted products and articles under
