(6) Plants of the species *Dionaea muscipula* (Venus flytrap):

Wilmington, NC

§ 353.4 Products covered.

Plants and plant products when offered for export or re-export.

§ 353.5 Application for certification.

(a) To request the services of an inspector, a written application (PPQ Form 572) shall be made as far in advance as possible, and shall be filed in the office of inspection at the port of certification.

(b) Each application shall be deemed filed when delivered to the proper office of inspection. When an application is filed, a record showing the date and time of filing shall be made in such office.

(c) Only one application for any consignment shall be accepted, and only one certificate for any consignment shall be issued.

(Approved by the Office of Management and Budget under control number 0579–0052)

[61 FR 15368, Apr. 8, 1996, as amended at 64 FR 72264, Dec. 27, 1999; 72 FR 35917, July 2, 2007]

§ 353.6 Inspection.

Inspections shall be performed by agents, by inspectors, or by employees of a State plant protection agency who are authorized by the agency to perform field inspections in accordance with this part and who have successfully completed training in accordance with paragraph (a)(2)(iii) of this section. Employees of a State plant protection agency who are not agents may perform field inspections only under the supervision of an inspector.

(a) *Agent.* (1) Agents may conduct phytosanitary field inspections of seed crops in cooperation with and on behalf of those State plant regulatory agencies electing to use agents and maintaining a Memorandum of Understanding with the Animal and Plant Health Inspection Service in accordance with the regulations. The Memorandum of Understanding must state that agents shall be used in accordance with the regulations in this part. Agents are not authorized to issue Federal phytosanitary certificates, but are only authorized to conduct the field inspections of seed crops required as a basis for determining phytosanitary condition prior to the issuance of a phytosanitary certificate for the crops.

(2) To be eligible for designation as an agent, an individual must:

(i) Have the ability to recognize, in the crops he or she is responsible for inspecting, plant pests, including symptoms and/or signs of disease-causing organisms, of concern to importing countries.

(ii) Have a bachelor's degree in the biological sciences, and a minimum of 1 year's experience in identifying plant pests endemic to crops of commercial importance within the cooperating State, or a combination of higher education in the biological sciences and experience in identifying such plant pests, as follows:

0 years education and 5 years experience;
1 year education and 4 years experience;
2 years education and 3 years experience;
3 years education and 2 years experience; or
4 years education and 1 year experience.

The years of education and experience do not have to be acquired consecutively.

(iii) Successfully complete annual training provided by the State plant regulatory agency. The required training must include instruction in inspection procedures, identification of plant pests of quarantine importance to importing countries, methods of collection and submission of specimens (organisms and/or plants or plant parts) for identification, and preparation and submission of inspection report forms approved by the State plant regulatory agency.
