(vii) The railroad car initials and number, the truck and trailer number, the name of the vessel, or other identification of the shipment; and

(viii) The following statement if the facts warrant: Meets U.S. Import requirements under section 8e of the Agricultural Marketing Agreement Act of 1937.

(b) Reconditioning prior to importation. Nothing contained in this part shall be deemed to preclude any importer from reconditioning prior to importation any shipment of Irish potatoes for the purpose of making it eligible for importation under the Act.

(i) Definitions. (1) For the purpose of this part potatoes meeting the requirements of Canada No. 1 grade and Canada No. 2 grade shall be deemed to comply with the requirements of the U.S. No. 1 grade and U.S. No. 2 grade, respectively, and the tolerances for size, as set forth in the U.S. Standards for Grades of Potatoes (§§51.1540 to 51.1556, inclusive of this title) may be used.

(2) Importation means release from the custody of the U.S. Customs Service.

(j) Exemptions. (1) The grade, size, quality and maturity requirements of this section shall not be applicable to potatoes imported for canning, freezing, other processing, livestock feed, charity, or relief, but such potatoes shall be subject to the safeguard provisions contained in §980.561. Processing includes canning, freezing, dehydration, chips, shoestrings, starch and flour. Processing does not include potatoes that are only peeled, or cooled, sliced, diced, or treated to prevent oxidation, or made into fresh potato salad.

(2) There shall be no size requirements for potatoes that are imported in containers with a net weight of 3 pounds or less, if the potatoes are otherwise U.S. No. 1 grade or better.
onions, whenever onions grown in designated counties in Idaho and Malheur County, Oregon, are regulated under Marketing Order No. 958, imported onions shall comply with the grade, size, quality, and maturity requirements imposed under that order.

(2) During the period March 10 through June 4 of each marketing year, whenever onions grown in designated counties in South Texas are regulated under Marketing Order No. 959, imported onions, not including pearl and cipolline onions, shall comply with the grade, size, quality, and maturity requirements imposed under that order.

(c) Minimum quantity exemption. Any importation which in the aggregate does not exceed 110 pounds (50 kilograms) may be imported without regard to the provisions of this section.

(d) Plant quarantine. Provisions of this section shall not supersede the restrictions or prohibitions on onions under the Plant Quarantine Act of 1912.

(e) Designation of governmental inspection service. The Federal or Federal-State Inspection Service, Fruit and Vegetable Programs, Agricultural Marketing Service, U.S. Department of Agriculture and the Food of Plant Origin Division, Plant Products Directorate, Canadian Food Inspection Agency, are hereby designated as governmental inspection services for the purpose of certifying the grade, size, quality, and maturity of onions that are imported, or to be imported, into the United States under the provisions of section 8e of the Act.

(f) Inspection and official inspection certificates. (1) An official inspection certificate certifying the onions meet the U.S. import requirements for onions under section 8e (7 U.S.C. 608e–1), issued by a designated governmental inspection service and applicable to a specified lot is required on all imports of onions.

(2) Inspection and certification by the Federal or Federal-State Inspection Service will be available and performed in accordance with the rules and regulations governing certification of fresh fruits, vegetables and other products (7 CFR part 51). Each lot shall be made available and accessible for inspection as provided therein. Cost of inspection and certification shall be borne by the applicant.

(3) Since inspectors may not be stationed in the immediate vicinity of some smaller ports of entry, importers should make advance arrangements for inspection by ascertaining whether or not there is an inspector located at their particular port of entry. For all ports of entry where an inspection office is not located, each importer must give the specified advance notice to the applicable office listed below prior to the time the onions will be imported.

§ 980.212  7 CFR Ch. IX (1–1–11 Edition)

(4) Inspection certificates shall cover only the quantity of onions that is being imported at a particular port of entry by a particular importer.

(5) Each inspection certificate issued with respect to any onions to be imported into the United States shall set forth, among other things:

(i) The date and place of inspection;
(ii) The name of the shipper, or applicant;
(iii) The Customs entry number pertaining to the lot or shipment covered by the certificate;
(iv) The commodity inspected;
(v) The quantity of the commodity covered by the certificate;
(vi) The principal identifying marks on the containers;
(vii) The railroad car initials and number, the truck and trailer license number, the name of the vessel, or other identification of the shipment; and
(viii) The following statement, if the facts warrant: Meets import requirements of 7 U.S.C. 608e–1.

(g) Reconditioning prior to importation. Nothing contained in this part shall be deemed to preclude any importer from reconditioning prior to importation any shipment of onions for the purpose of making it eligible for importation.

(h) Definitions. For the purpose of this section, 

Onions means all varieties of Allium cepa marketed dry, except dehydrated, canned, or frozen onions, pickling onions in brine, onion sets, green onions, or braided red onions.

The term U.S. No. 2 has the same meaning as set forth in the United States Standards for Grades of Bermuda-Granex-Grano Type Onions (7 CFR 51.3195 through 51.3209), the United States Standards for Grades of Creole Onions (7 CFR 51.3955 through 51.3970), or the United States Standards for Grades of Onions Other Than Bermuda-Granex-Grano and Creole Types (7 CFR 51.2830 through 51.2854), whichever is applicable to the particular variety, and variations thereof specified in this section. The term moderately cured means the onions are mature and are more nearly well cured than fairly well cured. Importation means release from the custody of U.S. Customs and Border Protection. The term pearl onions means onions produced using specific cultural practices that limit growth to 2 inches in diameter or less.

(i) Exemptions. The grade, size, quality and maturity requirements of this section shall not be applicable to onions imported for processing, livestock feed, charity, or relief, and pearl onions, onion sets (plantings), braided red onions, and minimum quantity shipments of 110 pounds, but such onions shall be subject to the safeguard provisions in §980.501. Processing includes canning, freezing, dehydration, extraction (juice) and pickling in brine. Processing does not include fresh chop, fresh cut, convenience food or other pre-packaged salad operations. Pearl onions must be inspected for size prior to entry into the United States.

§ 980.212 Import regulations; tomatoes.

(a) Findings and determinations with respect to fresh tomatoes. (1) Under Section 8e of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601–674), it is hereby found that:

(i) Grade, size, quality and maturity regulations have been issued from time to time under Marketing Order No. 966, as amended;
(ii) The marketing of fresh tomatoes produced in Florida covered by Marketing Order No. 966, as amended, can reasonably be expected to occur during the months of October through June;

(2) Therefore, it is hereby determined that imports of fresh tomatoes during the months of October through June are in most direct competition with the marketing of fresh tomatoes produced in Florida covered by Marketing Order No. 966, as amended;

(ii) The marketing of fresh tomatoes from Florida covered by Marketing Order No. 966, as amended, can reasonably be expected to occur during the months of October through June;

(b) Grade, size, quality and maturity requirements. On and after the effective date hereof no person may import fresh tomatoes except pear shaped, cherry, hydroponic and greenhouse tomatoes as defined herein, or tomatoes to be used in noncommercial outlets for experimental purposes, unless they are
