§ 95.25 Transportation of restricted import products; placarding cars and marking billing; unloading enroute.

(a) Transportation companies or other operators of cars, trucks or other vehicles carrying import products or materials moving under restriction, other than those in tight cases or casks, shall affix to and maintain on both sides of all such vehicles durable placards not less than 5½ by 6 inches in size, on which shall be printed with permanent black ink and in boldface letters not less than 1½ inches in height the words “Restricted import product.” These placards shall also bear the words “Clean and disinfect this car or truck.” Each of the waybills, conductors’ manifests, memoranda, and bills of lading pertaining to such shipments shall have the words “Restricted import product, clean and disinfect car or truck,” plainly written or stamped.
