§ 311.32 Vesicular diseases.

(a) Any carcass affected with vesicular disease shall be condemned if the condition is acute and if the extent of the condition is such that it affects the entire carcass or there is evidence of absorption or secondary change.

(b) Any carcass affected with vesicular disease to a lesser extent than as described in paragraph (a) of this section may be passed for human food after removal and condemnation of the affected parts, if the carcass is otherwise healthy.

§ 311.33 Listeriosis.

Carcasses of livestock identified as U.S. Suspects because of a history of listeriosis shall be passed for human food after condemnation of the head if the carcass is otherwise normal.

§ 311.34 Anemia.

Carcasses of livestock too anemic to produce wholesome meat shall be condemned.

§ 311.35 Muscular inflammation, degeneration, or infiltration.

(a) If muscular lesions are found to be distributed in such a manner or to be of such character that removal is impractical, the carcass shall be condemned.

(b) If muscular lesions are found to be distributed in such a manner or to be of such character that removal is practical, the following rules shall govern the disposal of the carcasses, edible organs, and other parts of carcasses showing such muscular lesions. If the lesions are localized in such a manner and are of such a character that the affected tissues can be removed, the non-affected parts of the carcass may be passed for human food after the removal and condemnation of the affected portion. If a part of the carcass shows numerous lesions, or if the character of the lesion is such that complete extirpation is difficult and uncertainly accomplished, or if the lesion renders the part in any way unfit for human food, the part shall be condemned.

(c) If the lesions are slight or of such character as to be insignificant from a standpoint of wholesomeness, the carcass or parts may be passed for use in the manufacture of comminuted cooked product, after removal and condemnation of the visibly affected portions.

§ 311.36 Coccidioidal granuloma.

(a) Carcasses which are affected with generalized coccidioidal granuloma or which show systemic changes because of such disease shall be condemned.

(b) Carcasses affected with localized lesions of this disease may be passed for human food after the affected parts are removed and condemned.

§ 311.37 Odors, foreign and urine.

(a) Carcasses which give off a pronounced odor of medicinal, chemical, or other foreign substance shall be condemned.

(b) Carcasses which give off a pronounced urine odor shall be condemned.

(c) Carcasses, organs, or parts affected by odor to a lesser degree than as described in paragraphs (a) and (b) of this section and in which the odor can
be removed by trimming or chilling may be passed for human food, after re-
moval of affected parts or dissipation of the condition.

§ 311.38 Meat and meat byproducts from livestock which have been ex-
posed to radiation.

Meat and meat byproducts from live-
stock which have been administered ra-
dioactive material shall be condemned unless the use of the radiation was in
conformity with a regulation or exemp-
tion in effect pursuant to section 409 of
the Federal Food, Drug, and Cosmetic
Act.

§ 311.39 Biological residues.

Carcasses, organs, or other parts of
carcasses of livestock shall be con-
demned if it is determined that they
are adulterated because of the presence
of any biological residues.

PART 312—OFFICIAL MARKS,
DEVICES AND CERTIFICATES

Sec.
312.1 General.
312.2 Official marks and devices to identify
inspected and passed products of cattle,
sheep, swine, or goats.
312.3 Official marks and devices to identify
inspected and passed equine products.
312.4 Official ante-mortem inspection
marks and devices.
312.5 Official seals for transportation of
products.
312.6 Official marks and devices in connec-
tion with post-mortem inspection and
identification of adulterated products
and insanitary equipment and facilities.
312.7 [Reserved]
312.8 Official export inspection marks, de-
vices, and certificates.
312.9 Official detention marks and devices.
312.10 Official mark for maintaining the
identity and integrity of samples.

AUTHORITY: 21 U.S.C. 601–695; 7 CFR 2.17,
2.55.

otherwise noted.

§ 312.2 Official marks and devices to
identify inspected and passed prod-
ucts of cattle, sheep, swine, or
Goats.

(a) The official inspection legend re-
quired by part 316 of this subchapter to
be applied to inspected and passed car-
casses and parts of carcasses of cattle,
sheep, swine and goats, meat food pro-
ducts in animal casings, and other pro-
ducts as approved by the Administrator,
shall be in the appropriate form as hereinafter specified:1

For application to sheep carcasses,
the loins and ribs of pork, beef tails,
and the smaller varieties of sausage
and meat food products in animal cas-
ings.

For application to calf and goat car-
casses and on the larger varieties of
sausage and meat food products in ani-
mal casings.

1The number “38” is given as an example
only. The establishment number of the offi-
cial establishment where the product is pre-
 pared shall be used in lieu thereof.
