Nuclear Regulatory Commission

§ 20.2106 Records of individual monitoring results.

(a) Recordkeeping requirement. Each licensee shall maintain records of doses received by all individuals for whom monitoring was required pursuant to § 20.1502, and records of doses received during planned special exposures, accidents, and emergency conditions. These records must include, when applicable—

(1) The deep-dose equivalent to the whole body, lens dose equivalent, shallow-dose equivalent to the skin, and

(2) Doses actually received in the planned special exposure.

(b) The licensee shall retain these records until the Commission terminates each pertinent license requiring these records.
