petition requesting the Commission’s review may be either:

(i) Delivered to the Rulemakings and Adjudications Staff of the Office of the Secretary at One White Flint North, 11555 Rockville Pike, Rockville, MD 20852; or

(ii) Sent by mail or telegram to the Secretary, U.S. Nuclear Regulatory Commission, Washington, DC 20555–0001, Attention: Rulemakings and Adjudications Staff.

(2) Any person described in paragraph (e) of this section may file a written response to a petition requesting the Commission’s review. This response may not exceed 30 pages and must be filed within 15 days after the filing date of the petition requesting the Commission’s review.

(3) The Commission may adopt, by order, further procedures that, in its judgment, would serve the purpose of review of the Director’s decision. The Commission may adopt, modify, or set aside the findings, conclusions, conditions, or terms in the Director’s amendment review decision and will state the basis of its action in writing.

If the Commission does not issue a decision or take other appropriate action within 90 days after receiving the petition for review, the Director’s decision, under §76.45(d), on the amendment application remains in effect.

Subpart C—Certification

§ 76.51 Conditions of certification.

The Corporation shall comply with the certificate of compliance, any approved compliance plan, and the requirements set forth and referenced in this part, except as may be modified by the certificate or approved compliance plan.

§ 76.53 Consultation with Environmental Protection Agency.

In reviewing an application for a certificate, including the provisions of any compliance plan, the Director shall consult with the Environmental Protection Agency and solicit the Environmental Protection Agency’s written comments on the application.

§ 76.55 Timely renewal.

In any case in which the Corporation has timely filed a sufficient application for a certificate of compliance, the existing certificate of compliance or approved compliance plan does not expire until the application for a certificate of compliance has been finally determined by the NRC. For purposes of this rule, a sufficient application is one that addresses all elements of §76.36.

§ 76.60 Regulatory requirements which apply.

The Nuclear Regulatory Commission will use the following requirements for certification of the Corporation for operation of the gaseous diffusion plants:

(a) The Corporation shall provide for adequate protection of the public health and safety and common defense and security.

(b) The Corporation shall comply with the provisions of this part.

(c) The Corporation shall comply with the applicable provisions of 10 CFR part 19, “Notices, Instructions and Reports to Workers: Inspection and Investigations,” with the following modifications:

(1) [Reserved]

(2) The Corporation shall post NRC Form 3 during the term of the certificate and for 30 days following certificate termination.

(d) The Corporation shall comply with the applicable provisions of 10 CFR part 20, “Standards for Protection Against Radiation,” with the following modifications:

(1) [Reserved]

(2) The Corporation shall post RIM-15, RIM-16, and RIM-20 documents issued by the Corporation for operation of the gaseous diffusion plants.

(e) The Corporation shall comply with the applicable provisions of 10 CFR part 21, “Reporting of Defects and Noncompliance,” with the following modifications:

(1) The Corporation shall comply with the requirements in §§21.6 and 21.21.

(2) Under §21.31, procurement documents issued by the Corporation must specify that the provisions of 10 CFR Part 21 apply.
