§ 1016.8 Approval for processing access permittees for security facility approval.

§ 1016.9 Processing security facility approval.

The following receipt of an acceptable request for security facility approval, the DOE will perform an initial security survey of the permittee’s facility to determine that granting a security facility approval would be consistent with the national security. When a request for security facility approval is to be withdrawn or cancelled, the DOE Operations Office will be notified by the requester immediately by telephone and confirmed in writing so that processing of this approval may be terminated.

Security facility approval will be terminated when:

In such cases the permittee will be notified in writing of the determination, and the procedures outlined in §1016.39 of this part will apply.
