

§ 1017.16

10 CFR Ch. X (1-1-12 Edition)

(b) *Review exemption for documents in files.* Any document that was permanently filed prior to May 22, 1985, is not required to be reviewed for UCNI while in the files or when retrieved from the files for reference, inventory, or similar purposes as long as the document will be returned to the files and is not accessible by individuals who are not Authorized Individuals for the UCNI contained in the document. However, when a document that is likely to contain UCNI is removed from the files for dissemination within or outside of the immediate organization, it must be reviewed by a Reviewing Official with cognizance over the information.

(c) *Reviewing material for UCNI.* Anyone who produces or possesses material that he or she thinks may contain or reveal UCNI must consult with a Reviewing Official for a determination. If the Reviewing Official determines that the material does contain or reveal UCNI, the Reviewing Official marks or authorizes the marking of the material as specified in §1017.16(b).

§ 1017.16 Unclassified Controlled Nuclear Information markings on documents or material.

(a) *Marking documents.* If a Reviewing Official determines that a document contains UCNI, the Reviewing Official must mark or authorize the marking of the document as described in this section.

(1) *Front marking.* The following marking must appear on the front of the document:

Unclassified Controlled Nuclear Information Not for Public Dissemination

Unauthorized dissemination subject to civil and criminal sanctions under section 148 of the Atomic Energy Act of 1954, as amended (42 U.S.C. 2168).

Reviewing Official:

(Name/Organization)
Date: _____
Guidance Used: _____

(2) *Page marking.* The marking “Unclassified Controlled Nuclear Information” must be placed on the bottom of the front of the document and on the bottom of each interior page of the document that contains text or if more convenient, on the bottom of only

those interior pages that contain UCNI. The page marking must also be placed on the back of the last page. If space limitations do not allow for use of the full page marking, the acronym “UCNI” may be used as the page marking.

(3) *Classified documents.* UCNI front and page markings are not applied to a classified document that also contains UCNI. If a classified document is portion marked, the acronym “UCNI” is used to indicate those unclassified portions that contain UCNI.

(4) *Obsolete “May Contain UCNI” marking.* The “May Contain UCNI” marking is no longer used. Any document marked with the “May Contain UCNI” marking is considered to contain UCNI and must be protected accordingly until a Reviewing Official or Denying Official determines otherwise. The obsolete “May Contain UCNI” marking reads as follows:

Not for Public Dissemination May contain Unclassified Controlled Nuclear Information subject to section 148 of the Atomic Energy Act of 1954 (42 U.S.C. 2168). Approval by the Department of Energy prior to release is required.

(b) *Marking material.* If possible, material containing or revealing UCNI must be marked as described in §1017.16(a)(1). If space limitations do not allow for use of the full marking in §1017.16(a)(1), the acronym “UCNI” may be used.

§ 1017.17 Determining that a document or material no longer contains or does not contain Unclassified Controlled Nuclear Information.

(a) *Document or material no longer contains UCNI.* A Reviewing Official with cognizance over the information in a document or material marked as containing UCNI may determine that the document or material no longer contains UCNI. A Denying Official may also determine that such a document or material no longer contains UCNI. The official making this determination must base it on applicable guidance and must ensure that any UCNI markings are crossed out (for documents) or removed (for material). The official marks or authorizes the marking of the document (or the material, if space allows) as follows:
